...into an exciting place for children to have fun and learn.

Thermoplastic markings are an essential part of every school playground. We can supply playground markings that can transform plain tarmac into a colourful, vibrant play area with a variety of traditional games, trails and courts.

Our thermoplastic products are non toxic, extremely durable and last up to five times longer than painted markings.

We design, supply, and install any markings that you require. We use top quality pre-formed thermoplastics that are cut on our computer aided machine to your individual specification.

Our colour palette

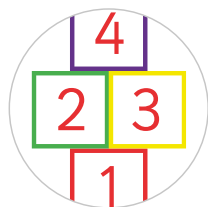

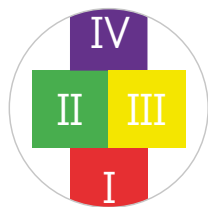

Our markings are available in the above colour palette. Where numbers or letters do not appear within a solid shape, we would recommend they are applied in white which will stand out against a dark tarmac surface. For illustrative purposes they appear in a darker colour within this brochure.

Traditional Games

Traditional playground games have been around for decades – and there's a reason their popularity has lasted so long. From hopscotch to mirror games, skip circles and 'What's the time, Mr. Wolf', these timeless classics are geared toward active, social play, and guaranteed to be a lasting hit.

Numerals

Hopscotch

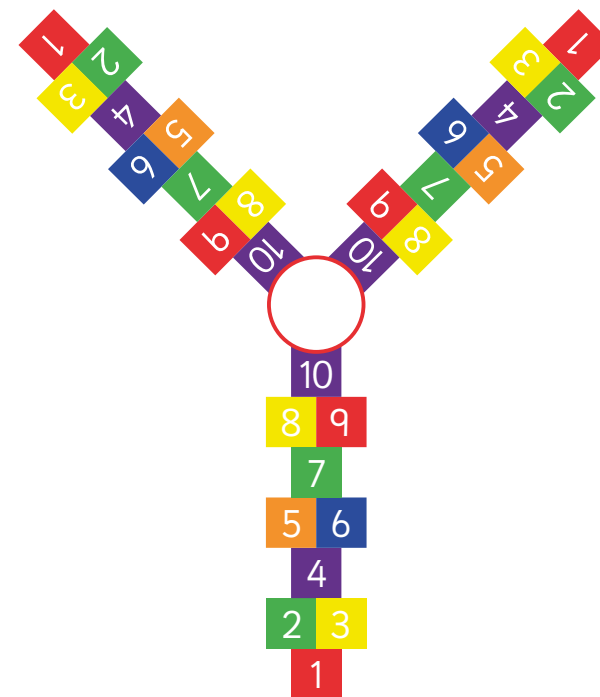

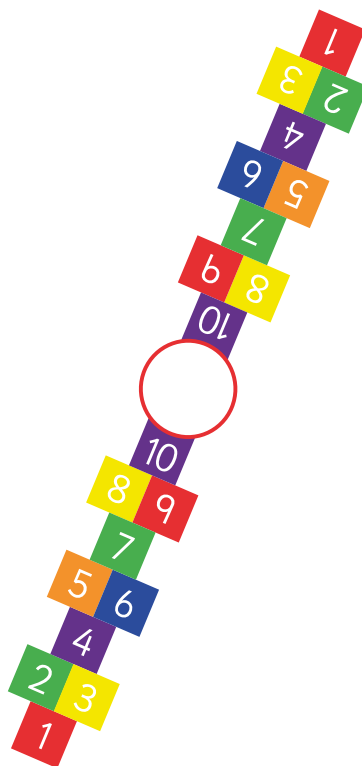

Available in 300mm or 400mm squares, hopscotch is a fun way for children to develop numeracy and counting skills. Hopping and jumping is a great way to encourage exercise at playtimes and help develop fine motor skills.

PRODUCT	SIZE
Colour Fill	2.1 x 0.6m or 2.8 x 0.8m
Outline	2.8 x 0.8m

2 Way Hopscotch

Two player Hopscotch with a turn in the middle of the game, using 300mm or 400mm squares.

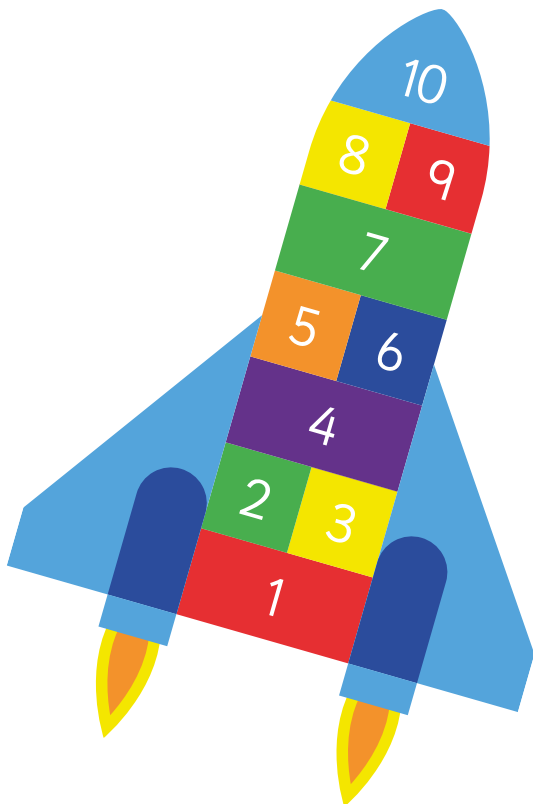

PRODUCT	SIZE
2 Way 300mm	5.3 x 1.1m
2 Way 400mm	6.7 x 1.1m

3 Way Hopscotch

Turn Hopscotch is a fantastic adaptation of the traditional game. It allows more children to take part, developing their physical and social skills.

PRODUCT	SIZE
3 Way 300mm	5.3 x 5.3m
3 Way 400mm	6.7 x 6.7m

Rocket Hopscotch

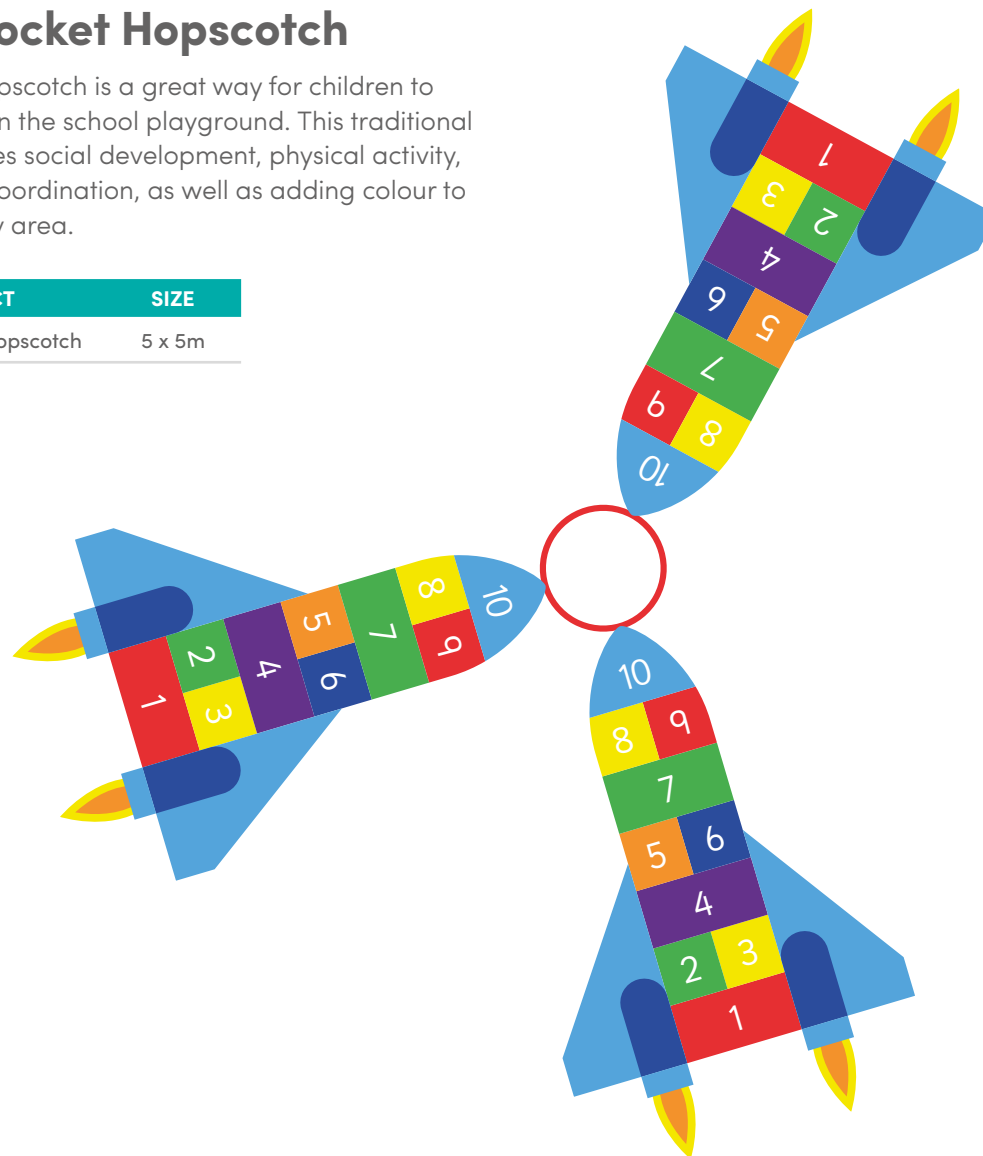

A cool variation of the traditional game of hopscotch with the play area in the shape of a rocket. A fun and exciting alternative to the plain squares.

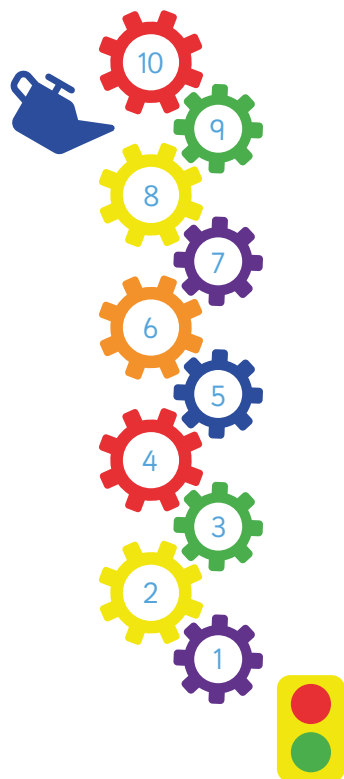

PRODUCT	SIZE
Rocket Hopscotch	2.4 x 1.2m

3 Way Rocket Hopscotch

3 Way Turn Hopscotch is a great way for children to play together in the school playground. This traditional game promotes social development, physical activity, balance and coordination, as well as adding colour to the school play area.

PRODUCT	SIZE
3 Way Rocket Hopscotch	5 x 5m

Cog Hopscotch

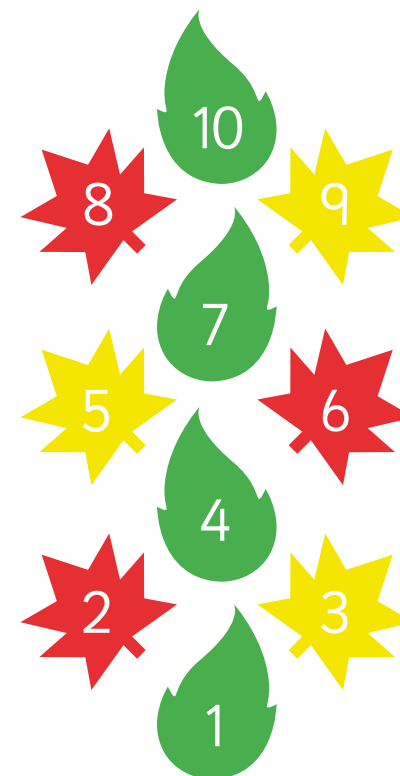

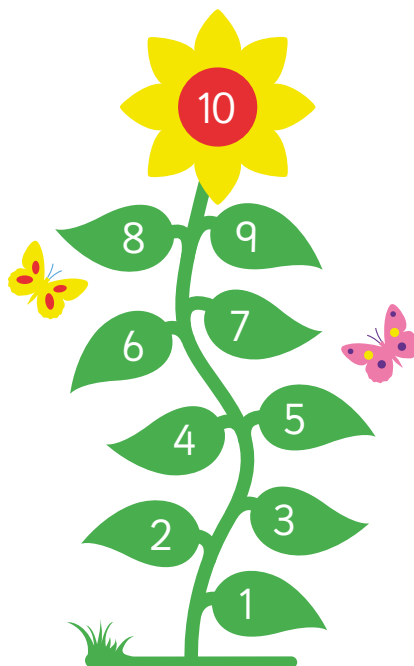

An interesting and imaginative variation of the traditional game of Hopscotch using coloured cogs as the stepping stones.

PRODUCT	SIZE
Cog Hopscotch	3 x 1.2m

Sunflower Hopscotch

A colourful and bright variation of the traditional hopscotch game with leaves as the stepping squares and the number 10 in the flower. The sunflower hopscotch is one of our most popular playground markings and will brighten up any plain tarmac.

PRODUCT	SIZE
Sunflower Hopscotch	3.5 x 1m

Leaf Hopscotch

A fun, complex variant of Hopscotch that intrigues and excites, with leaves as stepping stones.

PRODUCT	SIZE
Leaf Hopscotch	3 x 1.2m

Traditional Games

Footprints

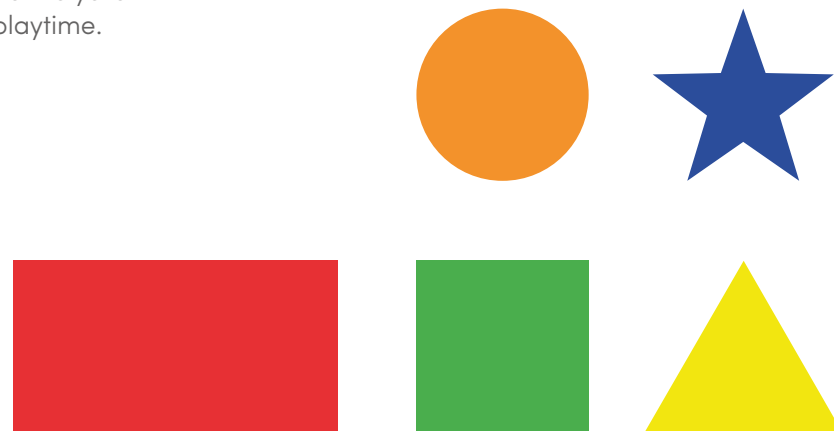

Our footprints can be used to show children where to start a game, or the direction to walk. They are available in different colours, and are priced per pair.

PRODUCT	SIZE
Paw Prints	25 x 20cm
Footprints	30 x 15cm
Shoe Prints	30 x 15cm

Shapes

Colourful geometric Shapes that can be installed all around the yard to spark imagination at playtime.

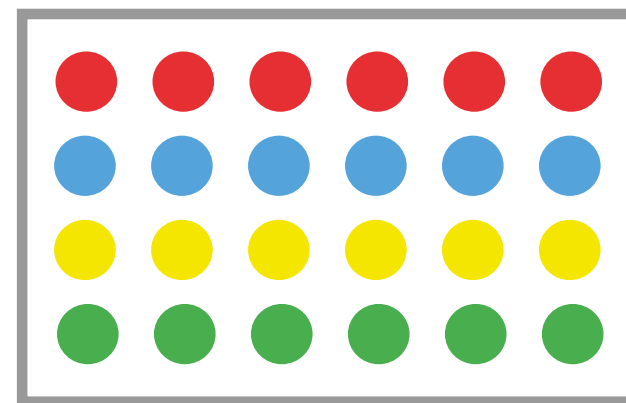

PRODUCT	SIZE
Shapes	30 x 30cm

Twister

A really fun game for children of all ages to play, improving physical strength, co-ordination and flexibility.

PRODUCT	SIZE
Twister	1.8 x 1.2m

Skill line

Game for children to practice throwing and catching. The children stand on the circles and pass a ball diagonally to the next person who passes it on. Can be used as a netball practice in P.E. as well as during break time where the children can make their own games up.

PRODUCT	SIZE
Skill Line	8 x 1m

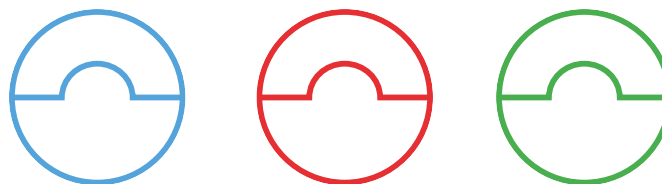

Skip Circle

The skip circle can be used for competitive activity and just for children to have fun whilst exercising. There are two styles available which can be supplied in a variety of colours to match your playground.

PRODUCT	SIZE
Skip Circle A	1.2 x 1.2m
Skip Circle B	1.2 x 1.2m

Style A

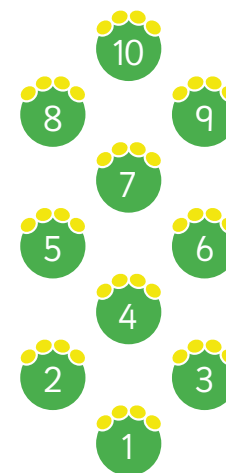

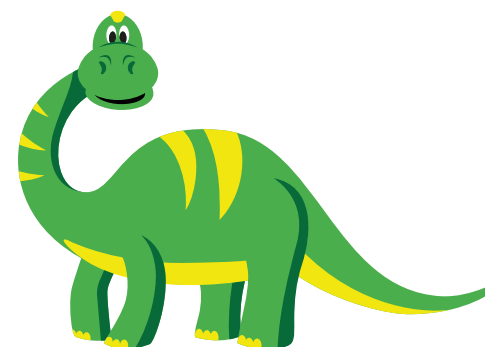

Style B

1 - 10 Dinosaur

Fun and colourful teaching aid for infants and nursery school children to learn to count from 1 to 10.

PRODUCT	SIZE
1 - 10 Dino	6 x 2m

Mirror Me

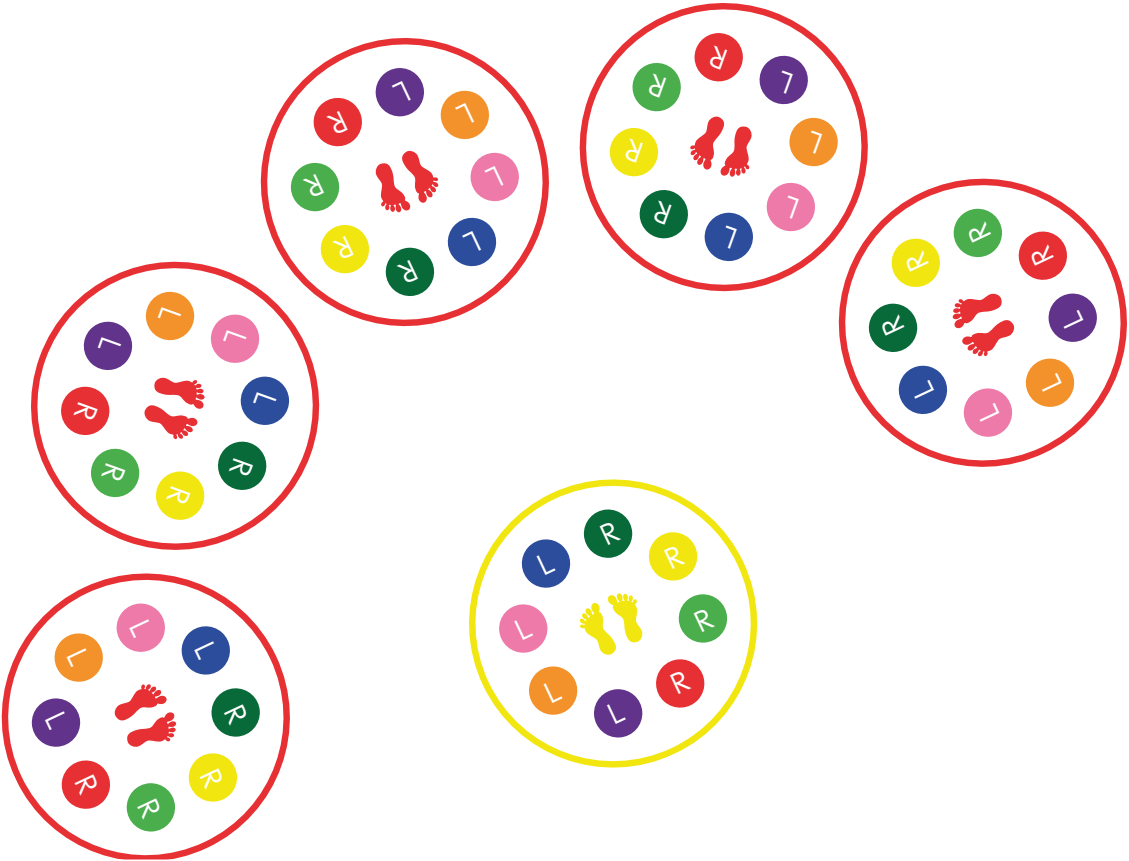

A playground dance class game where one child mirrors their partner's dance steps. A fun and exciting game for children to improve fitness and coordination.

PRODUCT	SIZE
Mirror Me	2.4 x 1m

Dance Class Moves

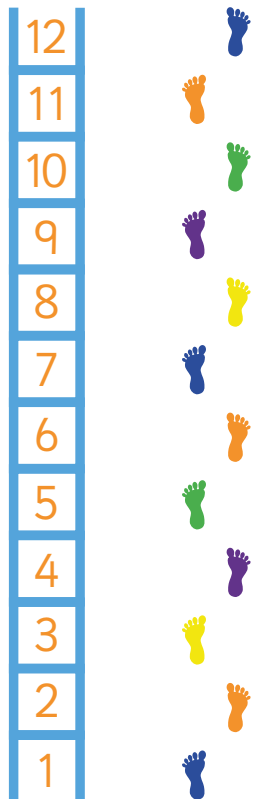

Dance class moves has five learning positions and one instructor circle. The game teaches children left and right-hand coordination along with turns, experiencing leadership and following instruction.

PRODUCT	SIZE
Dance Class moves	6 x 5m

DINNER TIME!

What's The Time Mr Wolf?

What's the time Mr Wolf

What's the time, Mr. Wolf? is a playground game based on the traditional game 'Grandmother's footsteps', ideal for nursery children, KS1 and up.

PRODUCT	SIZE
Mr Wolf	6 x 2m

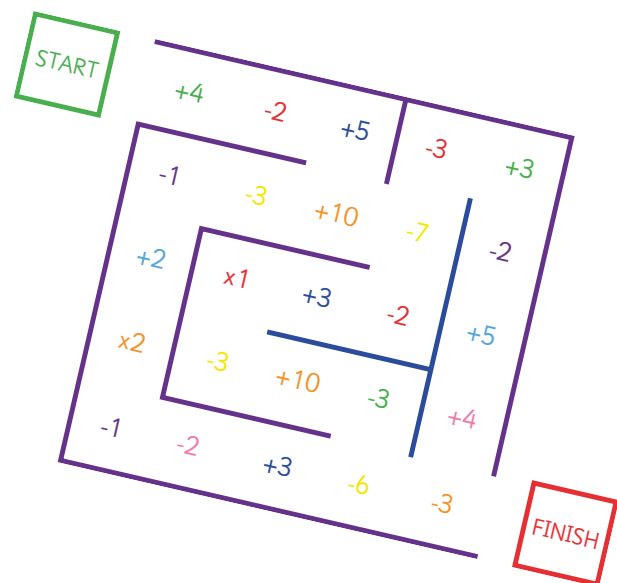

Numeracy & Literacy

Help your students practise numeracy and literacy in a fun, stress-free environment. They'll be free to apply the concepts they've learned in the classroom in an exciting, colourful new setting, bringing their lessons into a practical context. They can learn from their peers and lend their friends a hand. Numeracy and literacy games foster teamwork and develop physical as well as academic skills.

We are now offering schools the option to include "0" as the starting point for all numeracy games at no extra cost due to the increased demand from primary school teachers involved in teaching maths to the children.

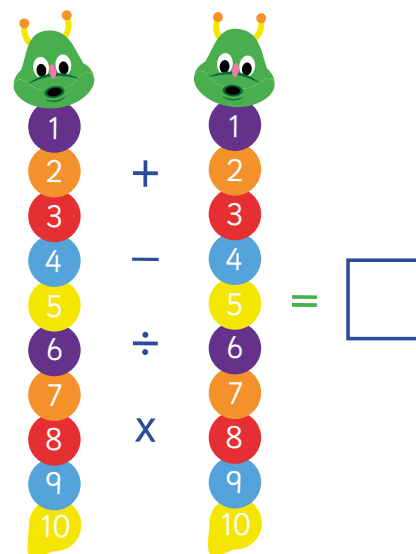

Maths Maze

The game is played by a child starting in the Start box, the teacher or another child calls out a number. The child then starts moving around the maze calling out the solution to the maths questions as they move around the maze. If the child completes the maze then he or she has won the game. If a question is answered wrongly then the child drops out and the next child begins. This is an excellent teaching aid for mathematics and problem solving, as well as allowing children to learn in a healthy outdoor environment.

PRODUCT	SIZE
Maths Maze	5 x 5m

Calculating Caterpillars

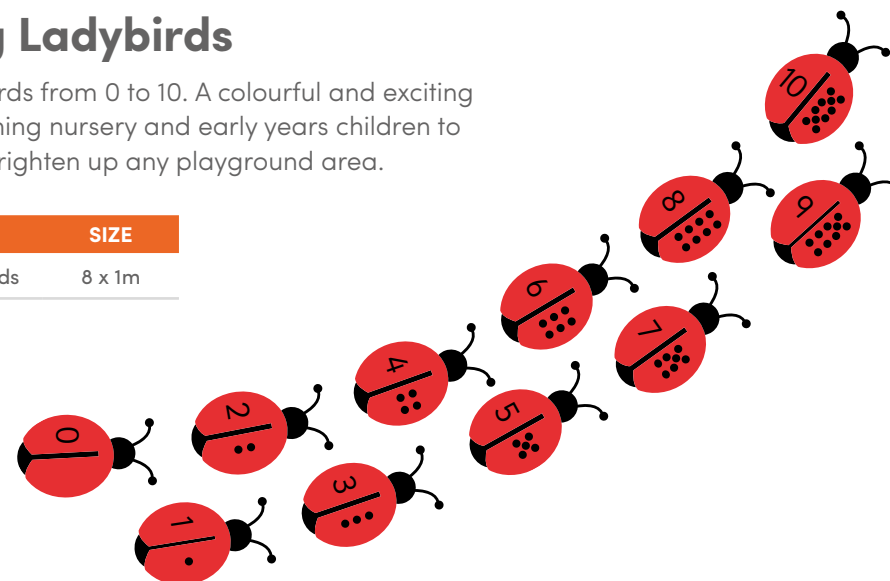

A great, colourful and fun teaching aid for children of all ages. Calculating caterpillars helps children with adding, subtracting, multiplying and dividing whilst having fun. The children are given a sum by the teacher, then run from the first caterpillar to the next. When they have worked out the answer they jump into the box and shout out the correct answer.

PRODUCT	SIZE
Calculating Caterpillars	4 x 3m

Counting Ladybirds

Counting ladybirds from 0 to 10. A colourful and exciting method of teaching nursery and early years children to count and will brighten up any playground area.

PRODUCT	SIZE
Counting Ladybirds	8 x 1m

Dragon

Bring some mythical fun to your playground with one of our dragon designs. Our dragons can be used as a numerical teaching aid or for children to learn the alphabet. We have two head designs to choose from and three overall styles (1-10, 1-25, A-Z). They are one of our most popular KS1 playground games.

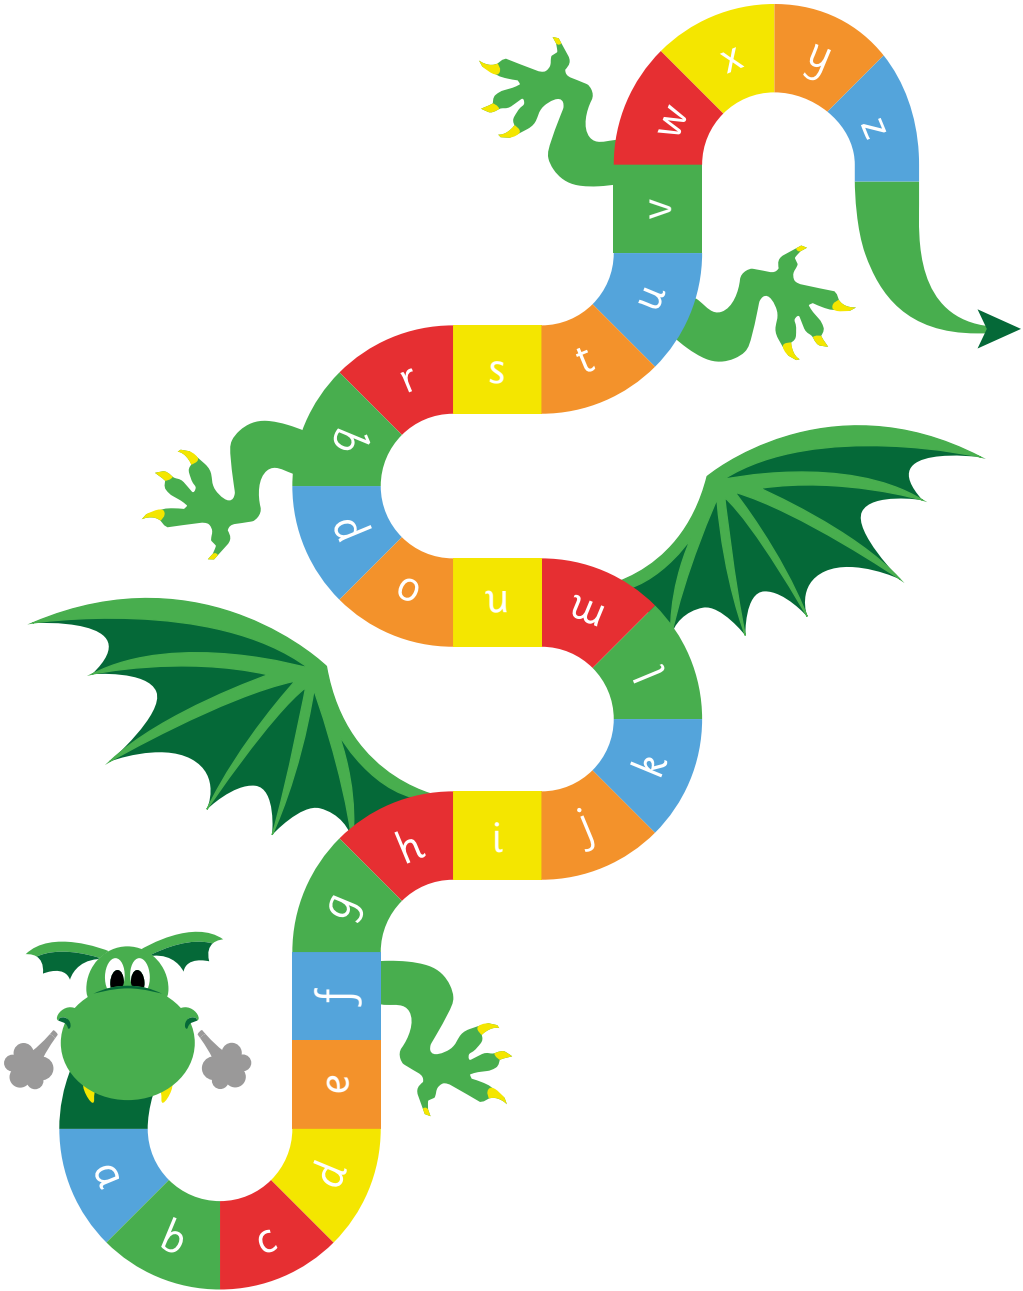

PRODUCT	SIZE
A-Z Dragon	8.5 x 1m
1-10 Dragon	5 x 1m
1-25 Dragon	8.5 x 1m

Dragon Head A

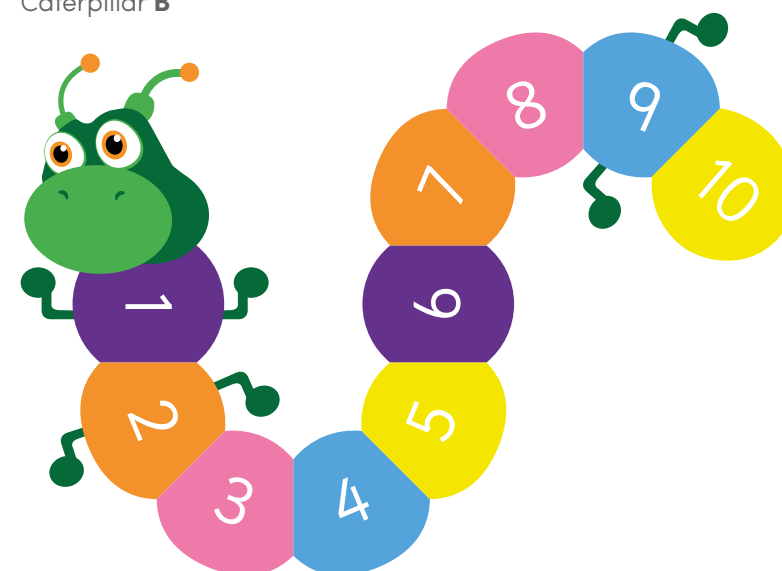

Dragon Head B

Caterpillar A

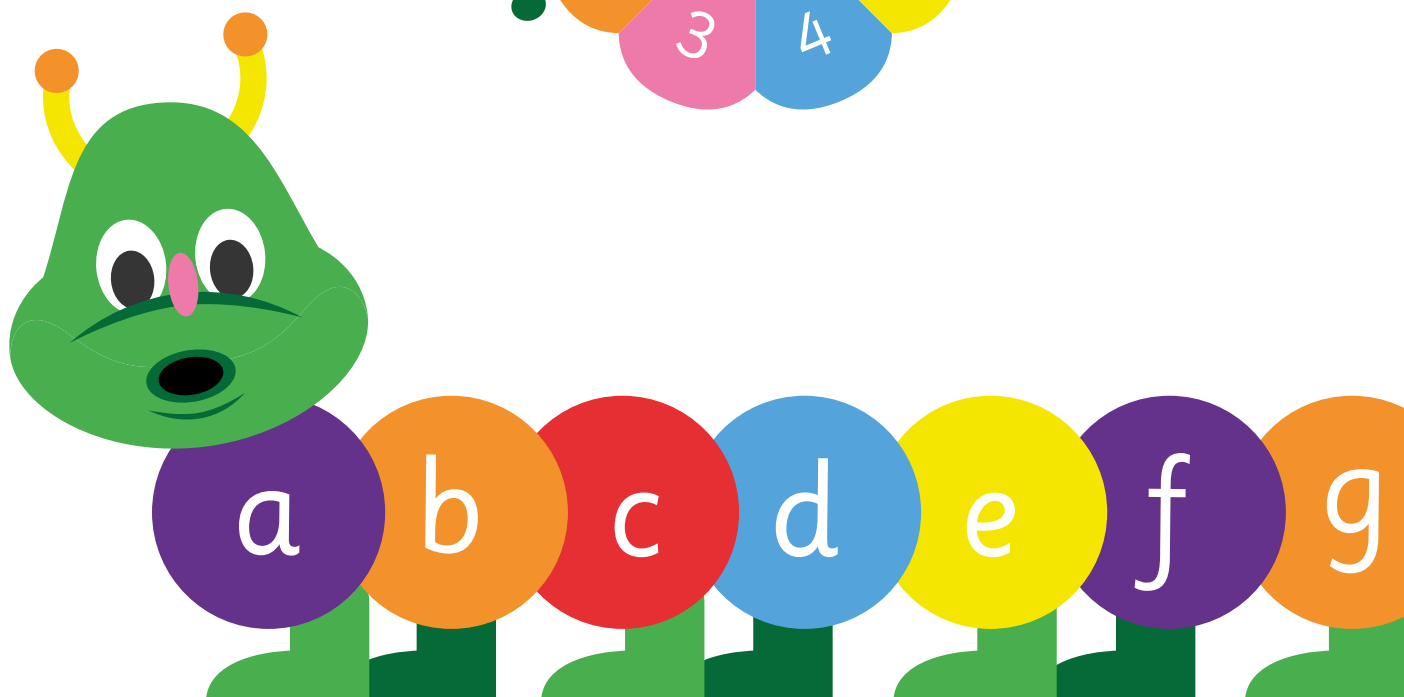

Caterpillar B

Caterpillar

Our caterpillar designs can be used as a teaching aid for Nursery, Key Stage 1 and Key Stage 2 as well as a fun play area for all children. We have 2 styles of caterpillar available, each of which can be adapted to show numbers 1-10, 1-25 and A-Z.

PRODUCT	SIZE
A-Z Caterpillar A	8 x 1m
1-10 Caterpillar A	3.5 x 1
1-25 Caterpillar A	8 x 1m
A-Z Caterpillar B	8 x 1m
1-10 Caterpillar B	3.5 x 1
1-25 Caterpillar B	8 x 1m

Snake

Our exotic snake designs create a fun and exciting playground marking which is ideal for nursery and key stage 1 children. With two head and tail designs available our snakes can be used as a numerical teaching aid or for children to learn the alphabet. Available in 1-10, 1-25 and A-Z.

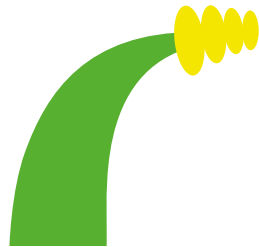

Snake Head A

Snake Head B

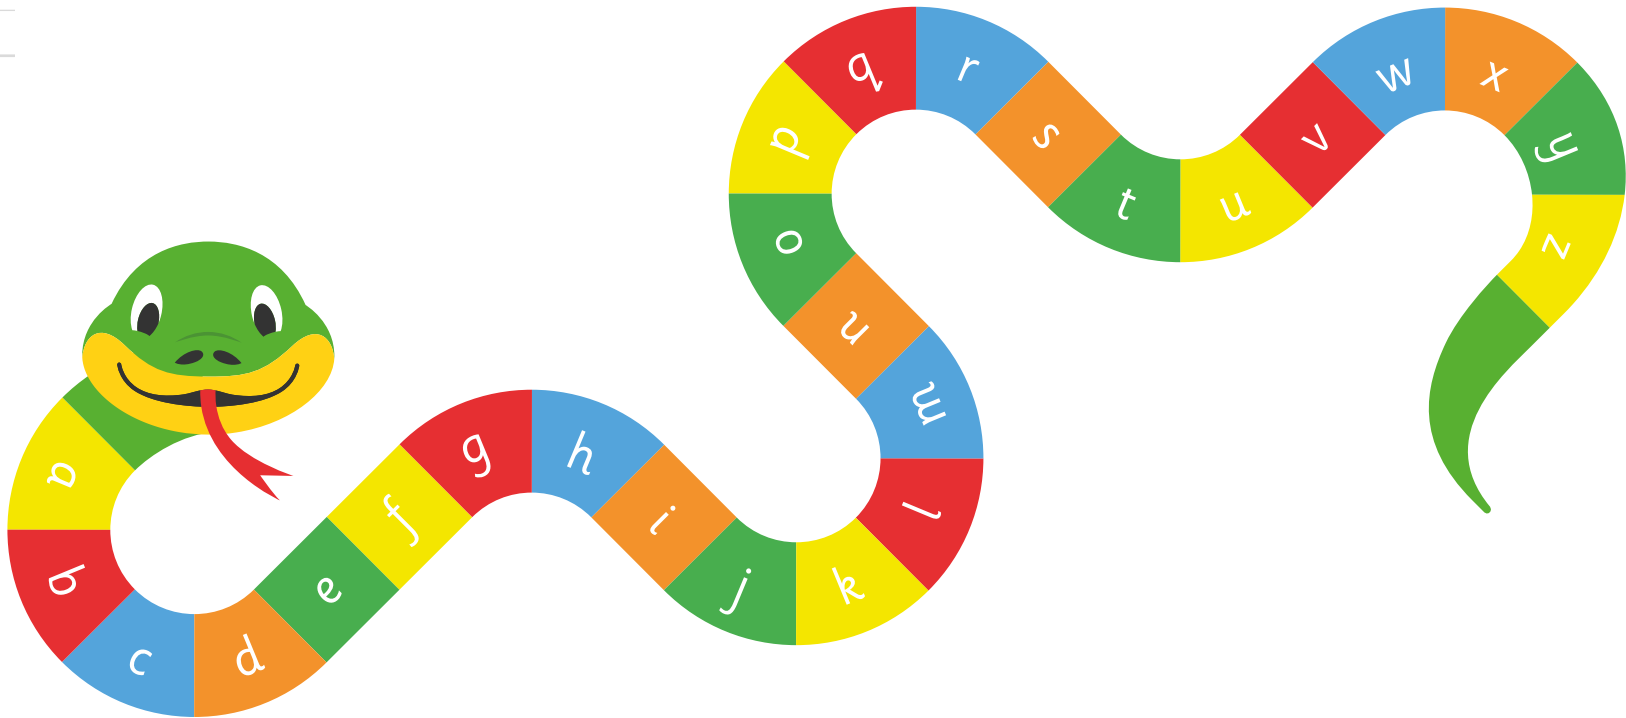

Snake Tail A

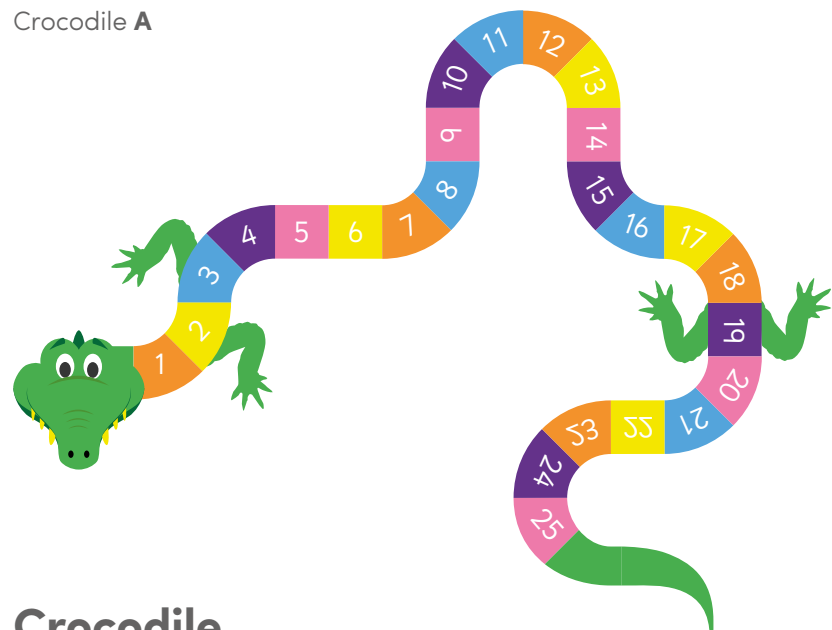

Snake Tail B

PRODUCT	SIZE
A-Z Snake	8.5 x 1m
1-10 Snake	5 x 1m
1-25 Snake	8.5 x 1m

Crocodile A

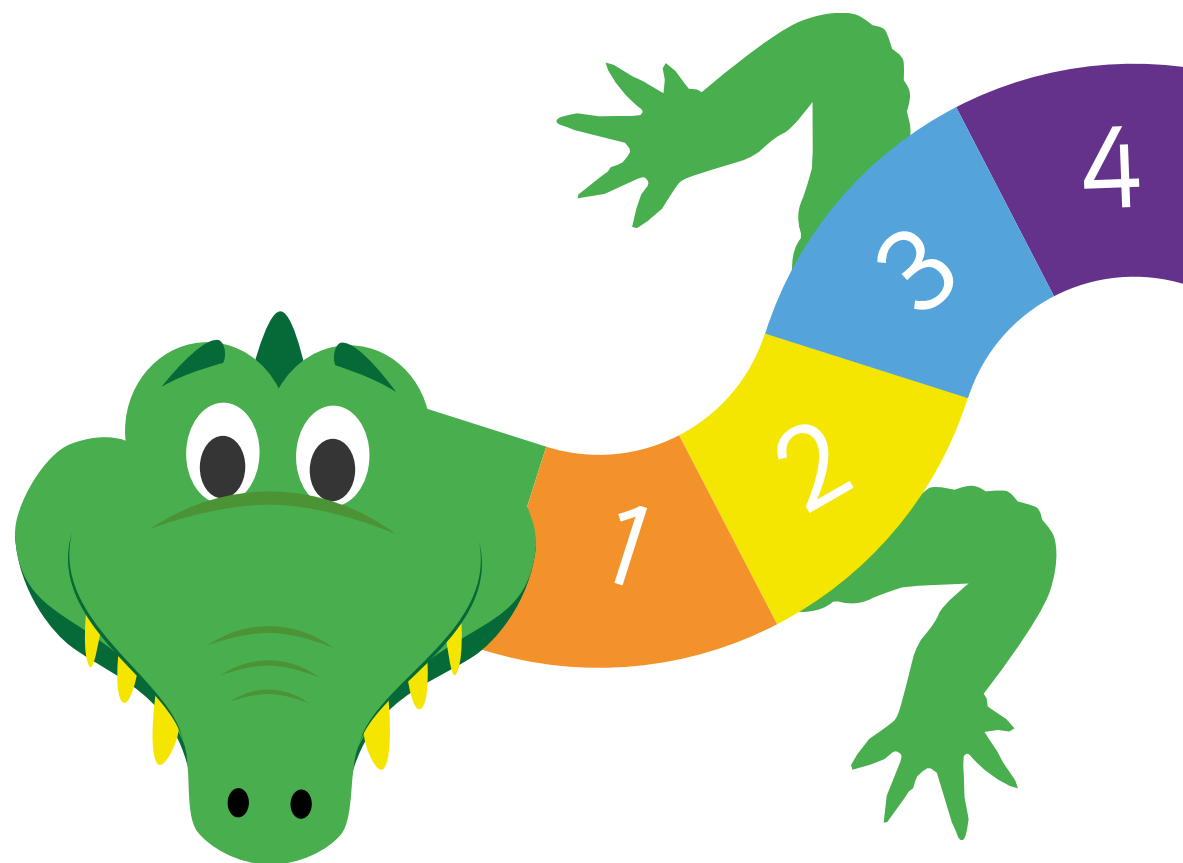

Crocodile

Brighten up your playground with a colourful crocodile design, suitable for Nursery and Key Stage 1 children. There are two styles of crocodile available each of which can be adapted to show numbers 1-10, 1-25 and A-Z.

PRODUCT	SIZE
A-Z Crocodile A	8 x 1m
1-10 Crocodile A	3.5 x 1
1-25 Crocodile A	8 x 1m
A-Z Crocodile B	8 x 1m
1-10 Crocodile B	3.5 x 1
1-25 Crocodile B	8 x 1m

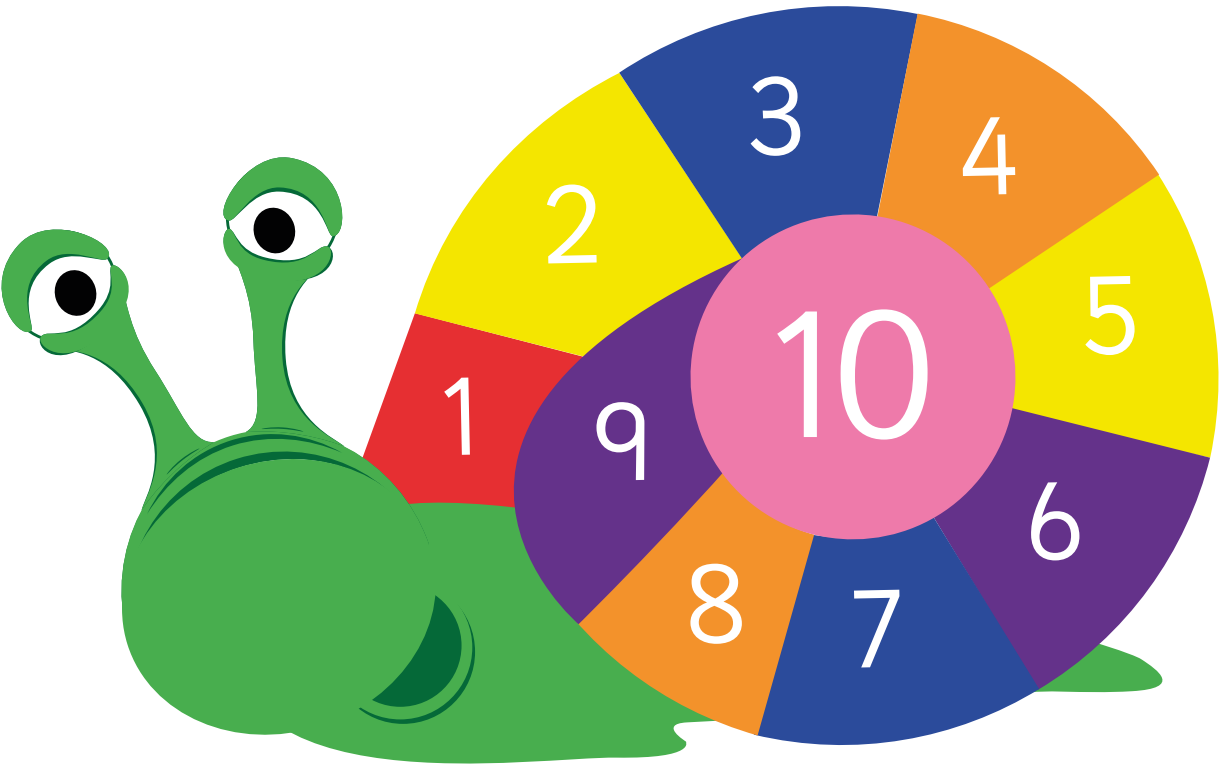

Crocodile B

Snail

The Big Playground Snail can contain either numbers or letters, making it a useful teaching aid for children to improve their numeracy or literacy. It looks great against the plain tarmac of any playground area. Great for nursery, infants and Key Stage 1 children.

PRODUCT	SIZE
Snail A-Z	2.5 x 1.5m
Snail 1-10	2.5 x 1.5m
Snail 1-25	2.5 x 1.5m

Alphabet Tree

Colourful tree with the 26 letters of the alphabet on individual leaves. A fantastic learning aid to teach children the alphabet whilst having fun and keeping fit. The children can make up their own words by running and jumping from leaf to leaf.

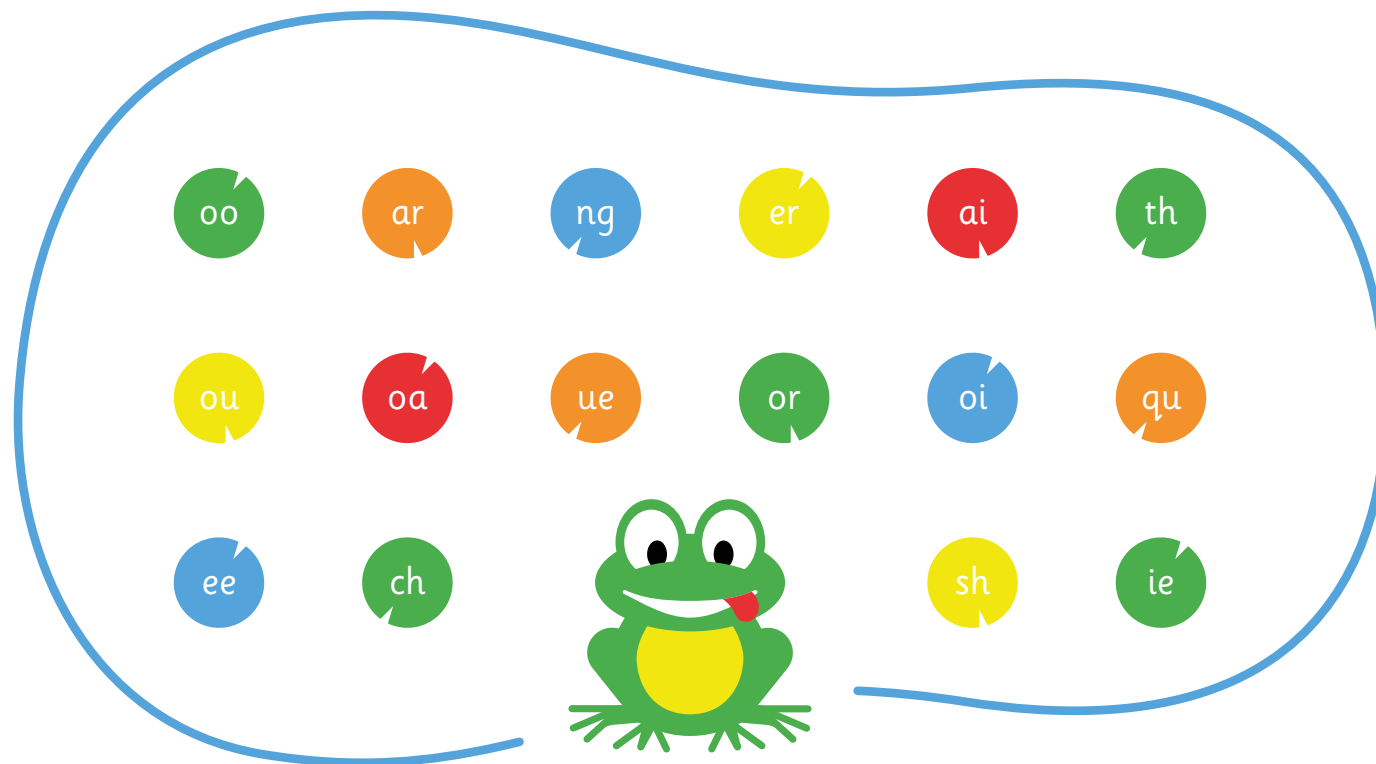

PRODUCT	SIZE
Alphabet Tree	5 x 4m

Phonic Frog

Phonics is a method of teaching children to read by correlating and recognising sounds with symbols in the alphabet. Phonics is now recommended as the first strategy that children should be taught in helping them to learn to read. Children are taught the sounds first, then match the letters to them. Phonic frog is a fun way for children to learn the symbols whilst having fun jumping from sound to sound.

PRODUCT	SIZE
Phonic Frog	5 x 4m

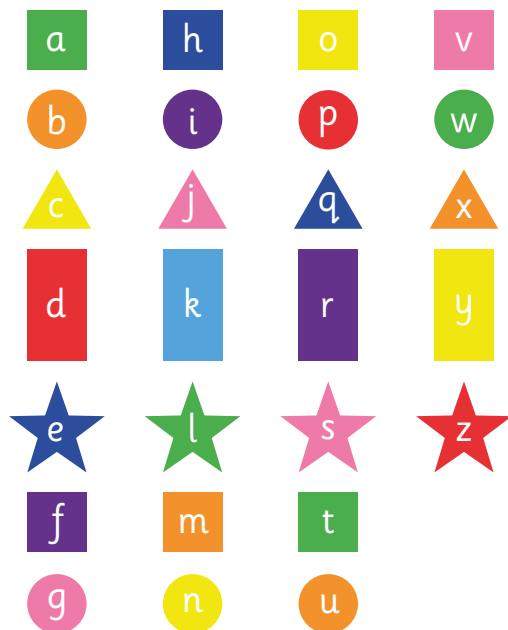

Phonemes

The phonemes consist of 16 x 400mm coloured disks with 16 different phonetic sounds. These are used to teach children the different sounds that make up words in a fun play environment.

PRODUCT	SIZE
Phonemes	3.2 x 0.8m

ar	oa	ie	ou	ee	ai	or	er
ue	qu	sh	ch	oi	ng	oo	th

Alphabet Shapes

26 alphabet letters on 5 different coloured shapes including square, triangle, rectangle, circle and star. A great teaching aid for nursery, infant and Key Stage 1 children. Will brighten up any play area.

PRODUCT	SIZE
Alphabet Shapes	3 x 2m

Spell Jump

The Spell Jump Playground Marking consists of all the letters of the alphabet in a colourful grid. The letter jump game can be used for many spelling exercises.

PRODUCT	SIZE
Spell Jump	1.8 x 2.4m

Qwerty Keyboard

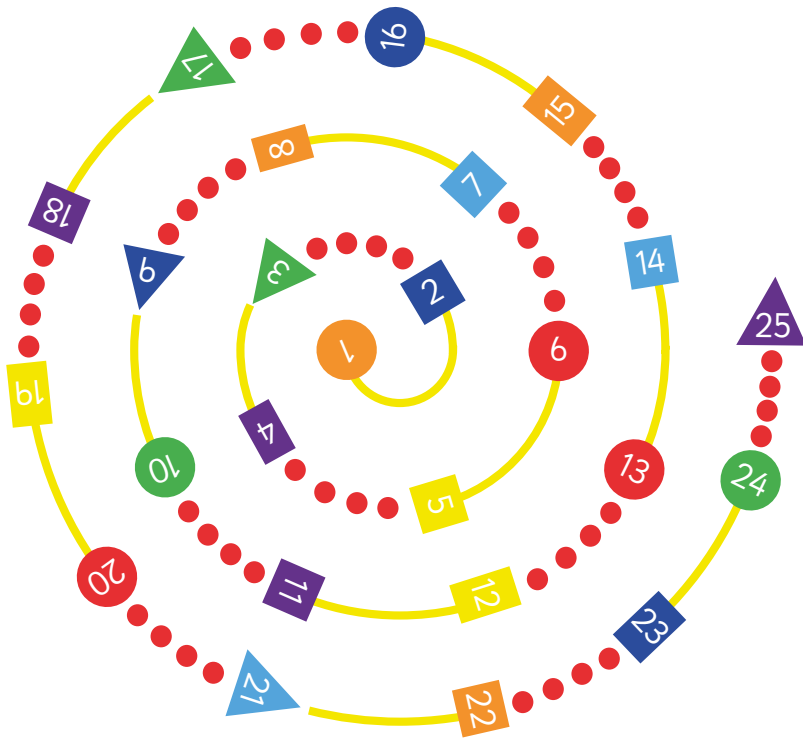

A colourful and exciting teaching aid for children to learn the keys on a computer keyboard using 300mm x 300mm coloured squares with the letters in the order of a keyboard. The QWERTY keyboard - named because of its first 6 letters - is the most commonly used worldwide.

PRODUCT	SIZE
Qwerty Keyboard	3.5 x 1.5m

Spirals

A spiral shape made up of letters or numbers for children to learn the alphabet or improve counting in an exciting and fun way whilst exercising.

PRODUCT	SIZE
A-Z Spiral	4 x 4m
1-25 Spiral	4 x 4m

Board Games & Grids

From chess to snakes and ladders, board games and grids are a fun way to bring strategy together with exercise on the playground. Students can invent their own rules or play with existing instructions, in pairs or groups.

1 - 100 Numbered Grids

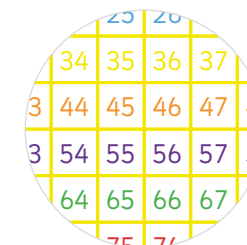

1-100 Numbered Grids can be designed with any choice of colour or number. They can be installed on new tarmac or over an existing painted grid. Grids can be painted as simple lines, or the squares can be solid or half-solid.

The grids are made from 300mm x 300mm squares. They can be used for Key Stage 1 and Key Stage 2 children to help counting and numeracy skills as well as brightening up any school playground.

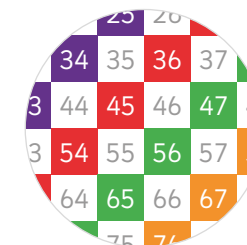

PRODUCT	SIZE
1-100 Line Grid	4 x 4m
1-100 Solid Grid	3.1 x 3.1m
1-100 Half Solid Grid	3.1 x 3.1m

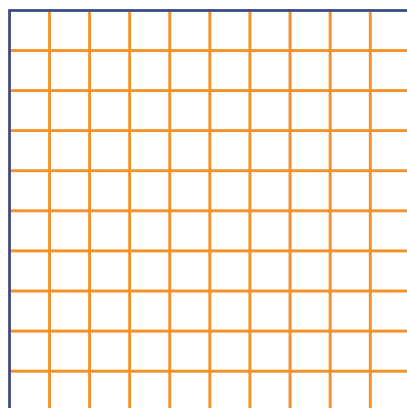

Solid Grid

Line Grid

Half Solid Grid

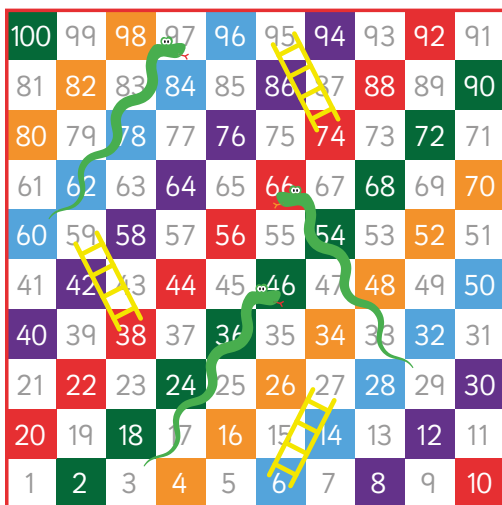

10 x 10 Blank Line Grid

The 10 x 10 line grid allows children the freedom to chalk their own numbers into the blank squares. An excellent addition to any playground, the blank grid can be used in maths lessons or by the children during break times. All that is needed is chalk. The squares are naturally cleaned the next time it rains leaving a blank grid once again.

Select from our colour palette to create either a 2 or 1 colour grid.

PRODUCT	SIZE
10 x 10 Blank Line Grid	4 x 4m

Board Games & Grids

Snakes & Ladders Solid and Half Solid

The traditional game of Snakes & Ladders.
A great game for children of all ages.

Children can choose to play with
traditional rules or make up their own.
The game brightens up any tarmac.

PRODUCT	SIZE
1-100 Snakes & Ladders	3.1 x 3.1m
1-64 Snakes & Ladders	2.5 x 2.5m
1-49 Snakes & Ladders	2.2 x 2.2m
1-36 Snakes & Ladders	1.9 x 1.9m

12 x Table Grid

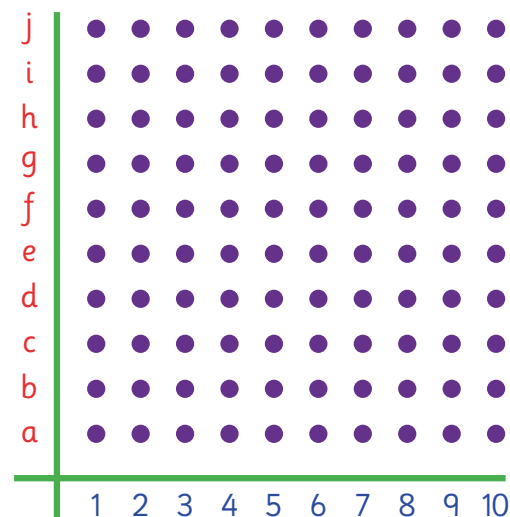

12 x Table playground markings with 500mm grid lines. An ideal teaching aid for mathematics, for children of all ages. The numbers and lines can be any colour from the available palette.

PRODUCT	SIZE
12 x Table Grid	5.2 x 5.2m

Grid Lines

Grid Dots

Coordinates Grids

Coordinates are numbers which determine the position of a point or a shape in a particular space. In primary schools, children are taught Cartesian coordinates, which are introduced in year 4. Points are marked by location along the horizontal and vertical axes. The grids with 10m x 10m squares are the ideal teaching aid for coordinates. They are available as lined or dotted grids.

PRODUCT	SIZE
Coordinates Grid Lines	4.5 x 4.5m
Coordinate Grid Dots	4.5 x 4.5m

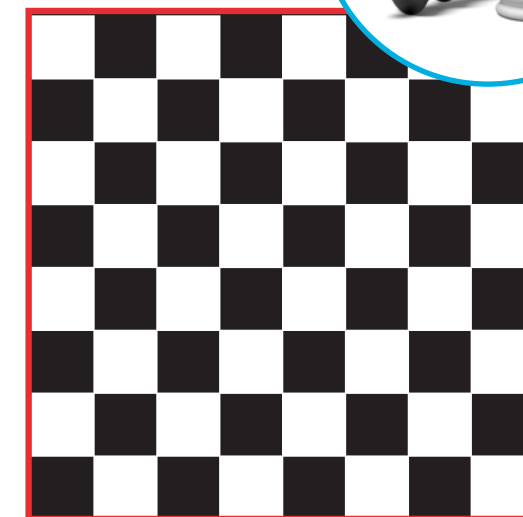

Chessboard

Using black and white 300mm or 400mm squares this chessboard can be used for chess or draughts.

PRODUCT	SIZE
Chessboard 300	2.5 x 2.5m
Chessboard 400	3.3 x 3.3m

Giant chess pieces

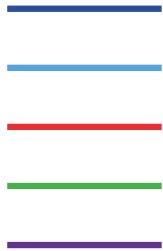

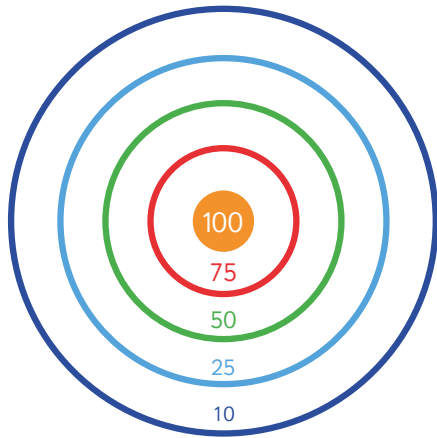

are available and can be supplied at an additional cost.

Targets & Mazes

Hand-eye coordination, physical skill, exciting, competitive games: targets and mazes promote play at its finest. They're great for students of all ages, creating a colourful, lively environment and encouraging exercise. Students can invent their own games or play with established rules.

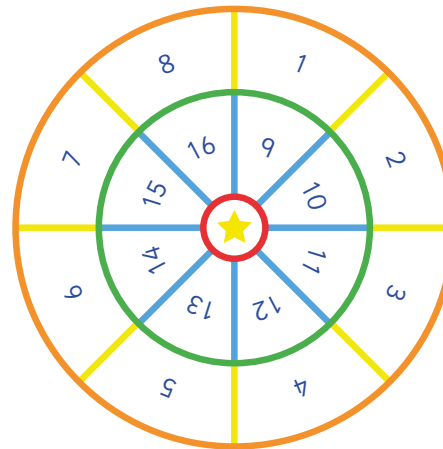

4m Target Throw

Target throwing game. Children stand behind various lines and throw bean bags onto the circular target.

PRODUCT	SIZE
4m Target Throw	8 x 4m

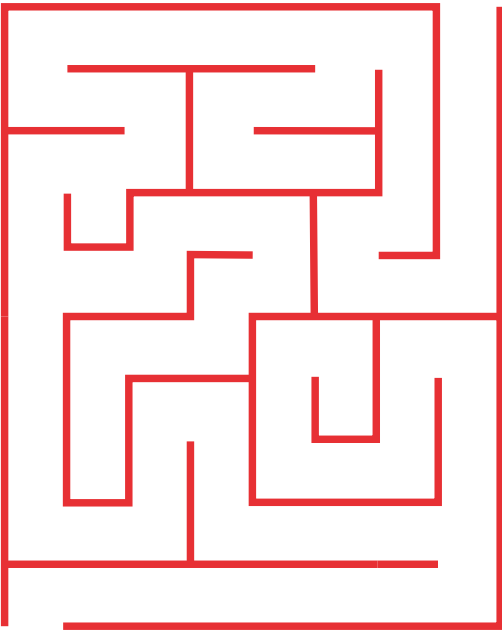

Bulls Eye Target

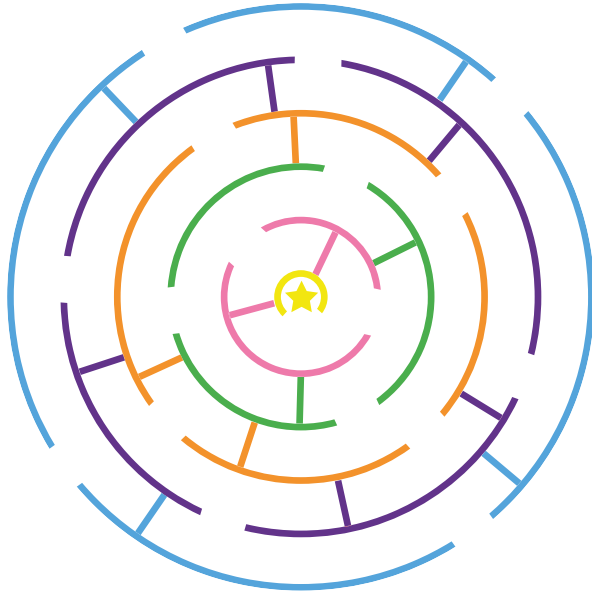

Playground target game for children of all ages. The child stands behind the line and throws at the target to score points.

PRODUCT	SIZE
Bulls Eye Target	3 x 3m

Rectangular Maze

Circular Maze

Mazes

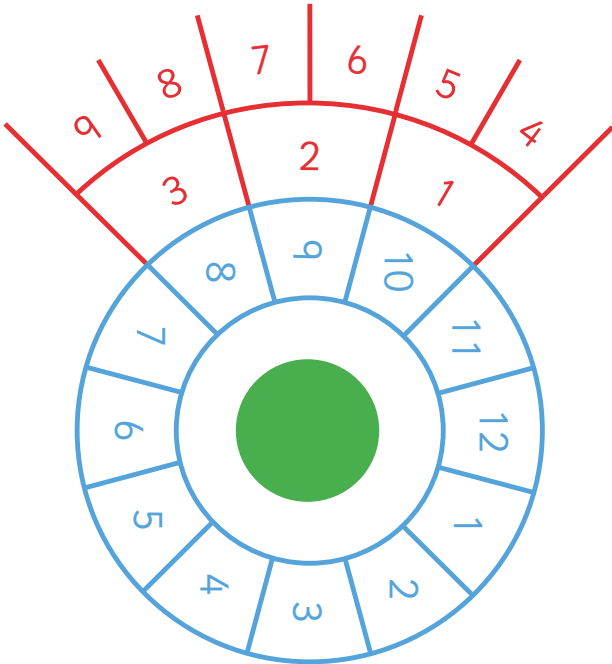

Our mazes create exciting games for children, allowing them to solve puzzles and use their imagination to make up different chasing and catching games. Mazes are available in rectangular or circular formats.

PRODUCT	SIZE
Rectangular Maze	5 x 4m
Circular Maze	4 x 4m

Ball Catcher Target

The Ball Catcher Target is designed as a target area. The game involves throwing a netball or basketball into the ball catcher at the center of the markings. We can also install the ball catcher, if required.

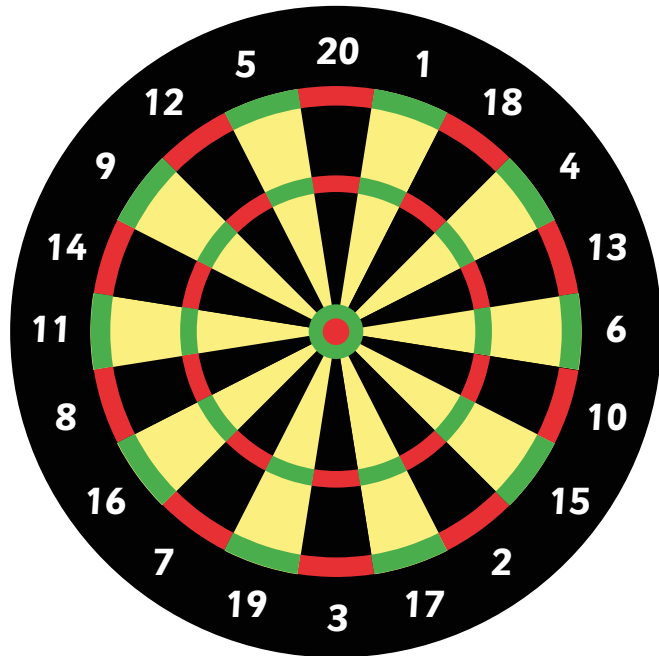

PRODUCT	SIZE
Ball catcher target	5 x 4m

Dartboard

Our Dartboard Thermal Plastic Playground Marking is about 3m x 3m in diameter. Darts is a fun way for children to develop mathematics through activity and this colourful playground marking will keep the children entertained for hours.

PRODUCT	SIZE
Dartboard	3 x 3m

Maps & Compasses

Maps and Compass markings are the ideal teaching aid for geography and the natural sciences, helping children to get a primary understanding of the world. Compasses teach them about cardinal points, while our clock markings help them learn to tell the time on an analogue clock. Our world maps aid them in grasping the concepts of continents and oceans, showing them where they're situated in the wider world.

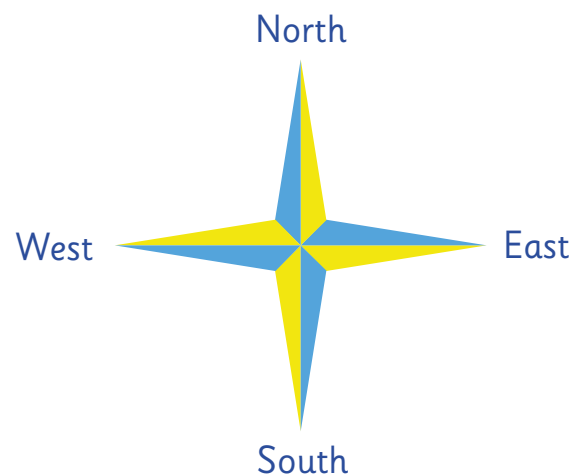

Compass Designs

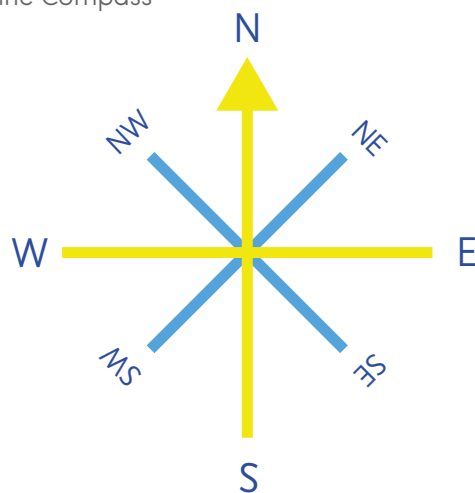

We have a variety of compass designs which work as a great science or geography teaching aid for teachers and children of all ages. All our compasses will be installed so they point North.

PRODUCT	SIZE
Rose Compass	3 x 3m
8 point Rose Compass	3 x 3m
Line Compass	3 x 3m
World Compass	3.2 x 3.2m

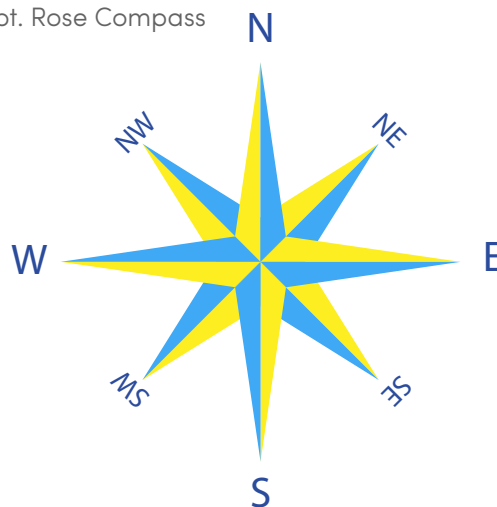

Rose Compass

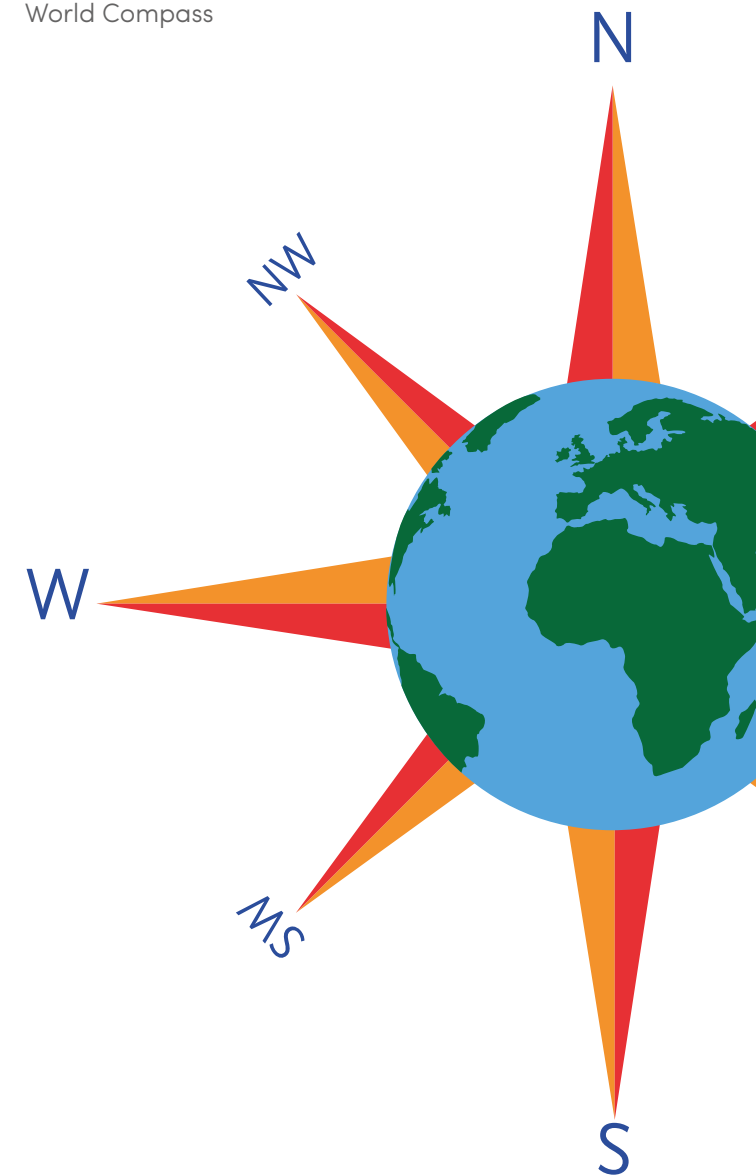

Line Compass

8pt. Rose Compass

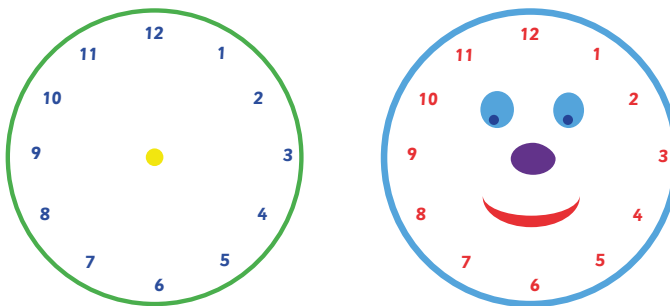

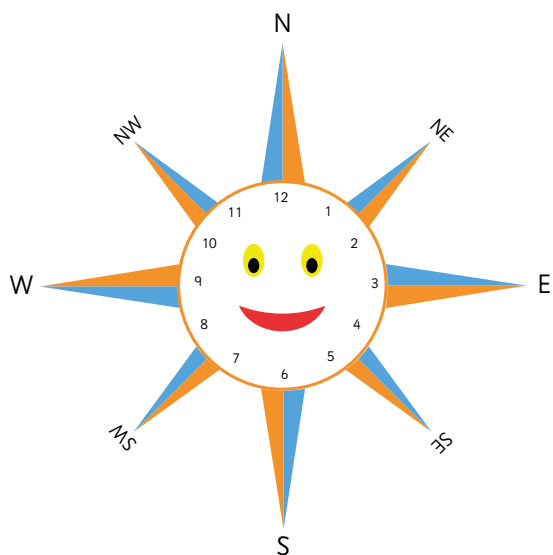

World Compass

Clock Face Compass

Clock face with smiley face and compass points. Great for teaching nursery and primary school children to tell the time and read the points on a compass. All compasses point North.

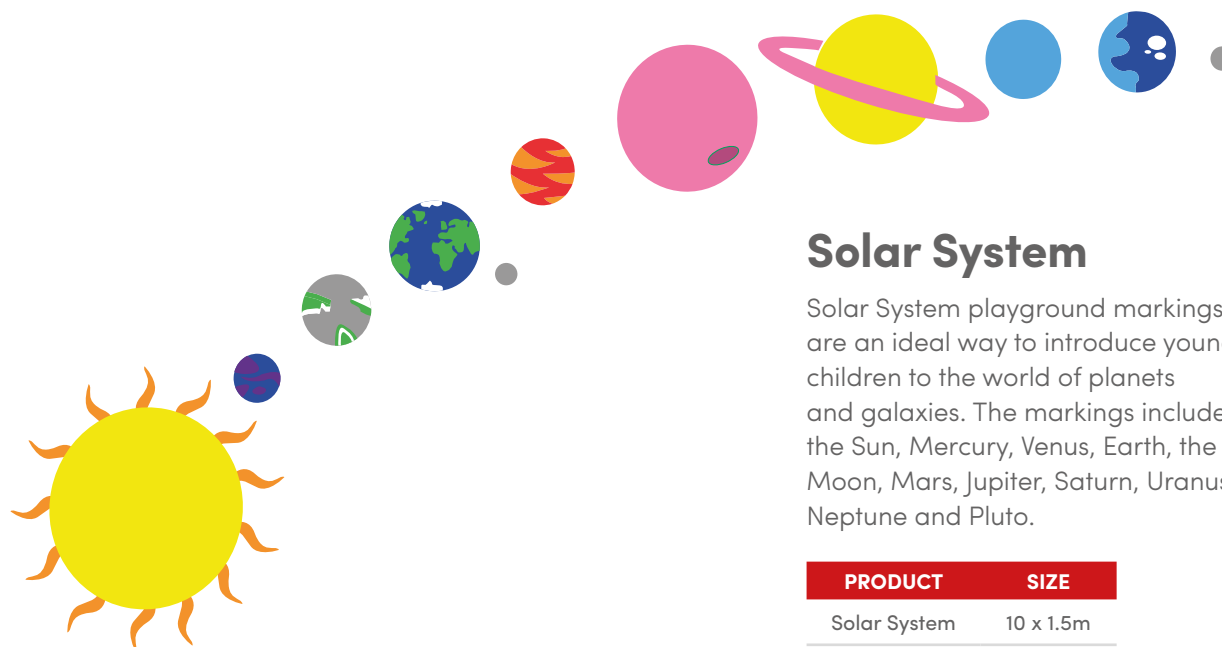

PRODUCT	SIZE
Clock Face Compass	3 x 3m

Clock Designs

A fun and exciting teaching aid for children to learn to tell the time. Available as a standard clock design or with a smiley face.

PRODUCT	SIZE
3m Clock	3 x 3m
3m Clock Smiley Face	3 x 3m

Solar System

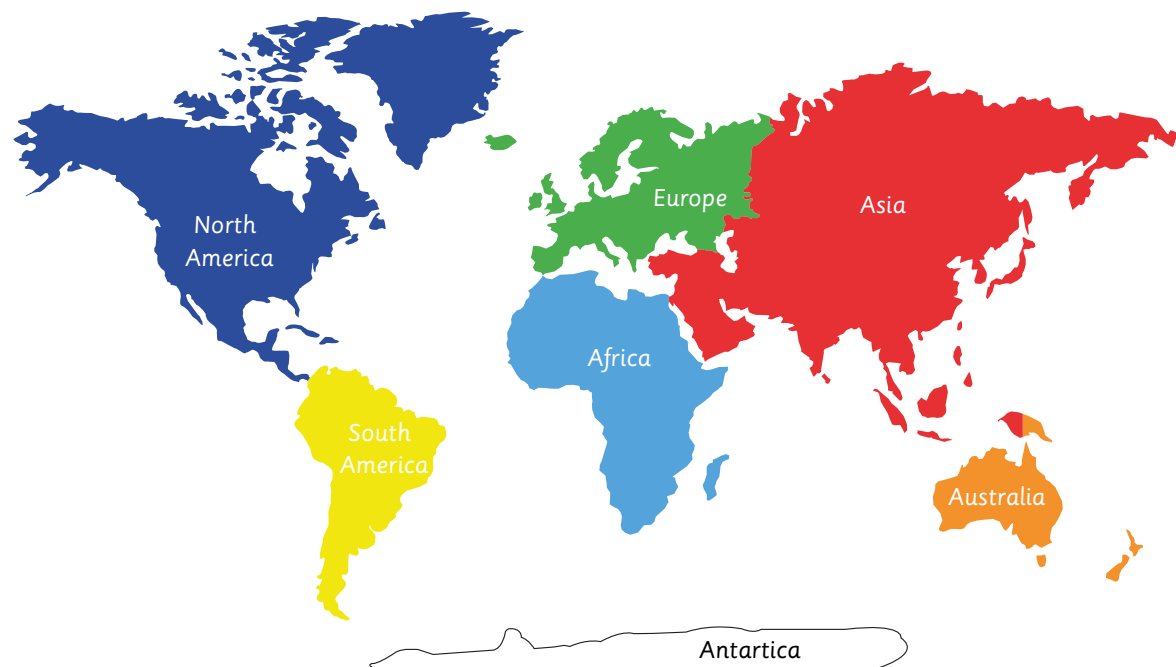

Solar System playground markings are an ideal way to introduce young children to the world of planets and galaxies. The markings include the Sun, Mercury, Venus, Earth, the Moon, Mars, Jupiter, Saturn, Uranus, Neptune and Pluto.

PRODUCT	SIZE
Solar System	10 x 1.5m

World Map

Playground Map of the World showing all the continents in different colours and the names of all the main oceans. Ideal for children to learn and understand the different continents around the world.

PRODUCT	SIZE
Large World Map	5 x 4m
Small World Map	2.5 x 2m

UK Map

A large map of the United Kingdom showing England, Scotland, Wales and Ireland in different colours. A great teaching aid for children to learn geography.

PRODUCT	SIZE
Large UK Map	4 x 3m
Small UK Map	2 x 1.5m

Show your school town, city or village with a marker on one of our maps, free of charge.

Available upon request.

Circuit Trails & Tracks

A hop, a skip, and a jump – circuit trails and tracks bring out the best in active play, building teamwork and creativity while encouraging exercise. P.E. teachers can use them as a guide, or children can invent their own rules, attempting to better themselves over successive playtime sessions. The colourful markings bring fun to the schoolyard.

Fitness Trail

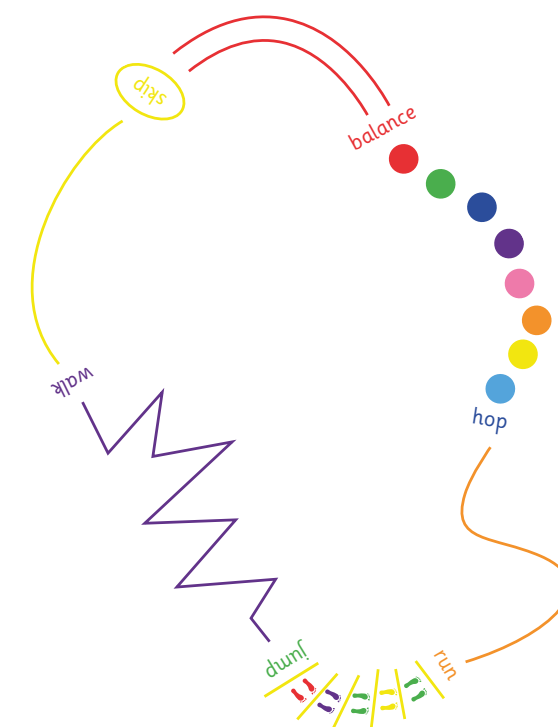

Fitness trail consisting of a two lane sprint at the start then six exercise stations including star jump, squat, hop, sit-ups, lunges, press-ups and then a sprint to the finish line. Can be designed to fit any playground. Ideal for Key Stage 2 children and older to be used in P.E. lessons. Schools can design their own fitness trail with their own stations.

PRODUCT	SIZE
Fitness Trail	15 x 30m

Activity Trail

The activity trail is a colourful and exciting playground game for children of all ages to use. The activity trail can be designed to fit any play area to suit individual schools. The total length of the activity trail is 30m, this can be altered to fit any school playground area.

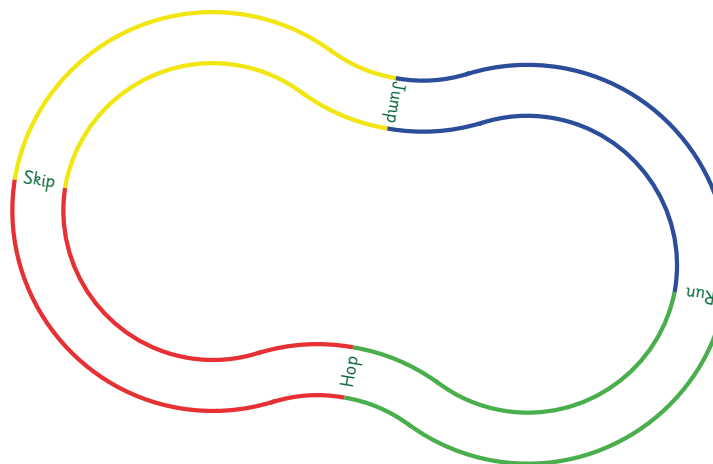

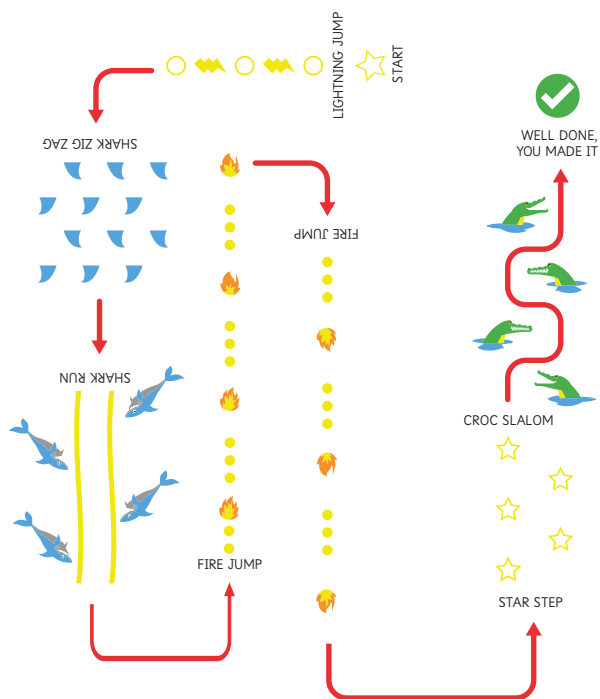

PRODUCT	SIZE
Activity Trail	9 x 6m

Danger Trail

You have to be on your toes to avoid the Sharks, Lightning, Fire and Crocodiles on this Danger Trail. All Trails can be adjusted to fit playground layout.

PRODUCT	SIZE
Danger Trail	10 x 8m

Circuit Training

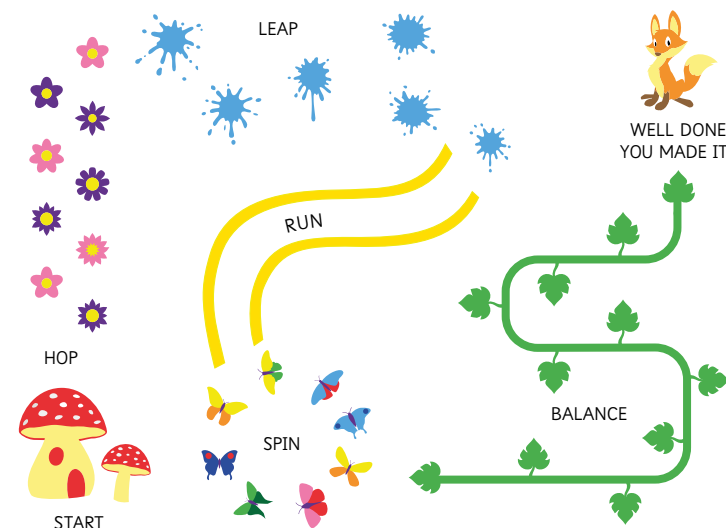

A colourful training circuit for young children to run around. Children HOP, SKIP, JUMP and RUN around the track. Ideal for P.E. lessons or breaktimes where children can make up their own games and sporting events.

PRODUCT	SIZE
Circuit Track	12 x 8m

Countryside Trail

Transform your playground into an enchanted space with the Countryside Trail. Children love bouncing through to meet their foxy friend at the end. All Trails can be adapted to suit playground layout.

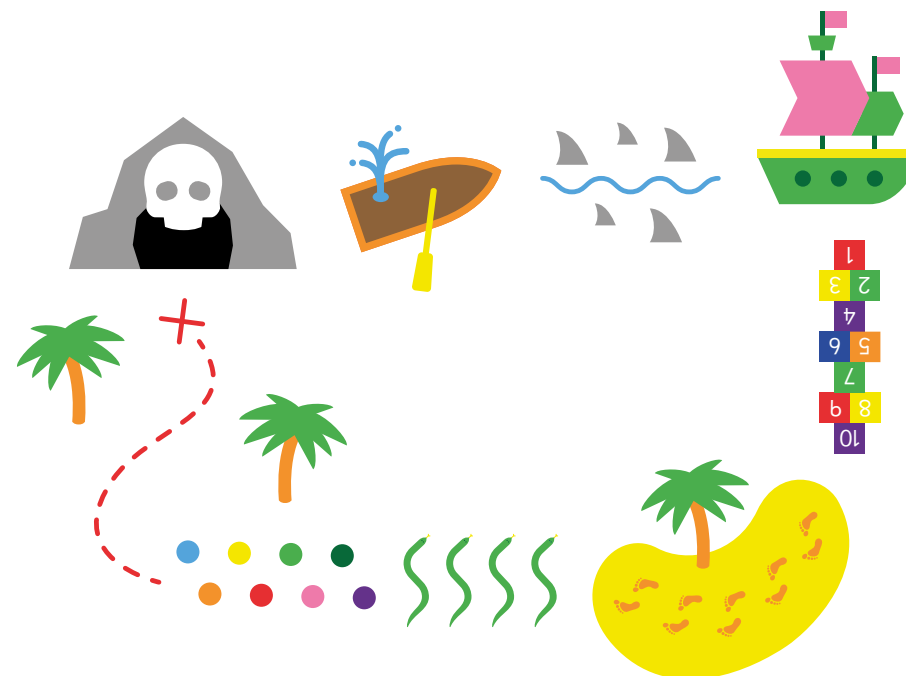

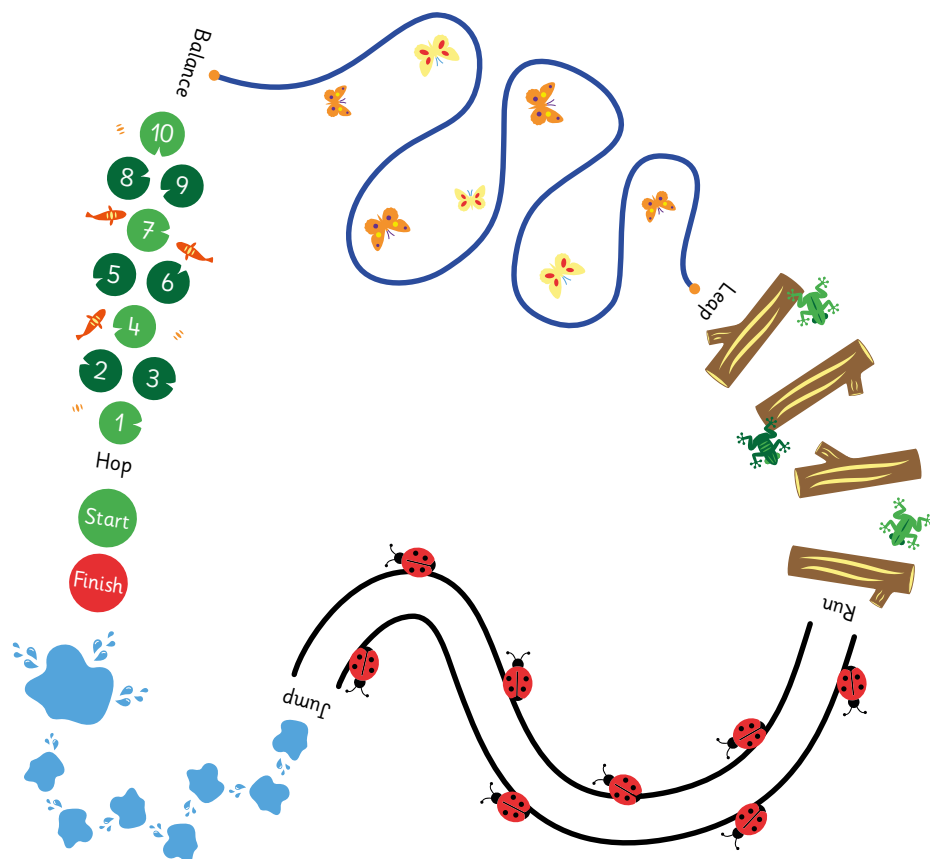

PRODUCT	SIZE
Countryside Trail	8 x 8m

Nature Trail **NEW**

Explore nature and its creepy crawlies from the comfort of the playground. Our new Nature Trail features a variety of activities which can all be adapted to suit any playground layout.

PRODUCT	SIZE
Nature Trail	10 x 10m

Shark Trail **NEW**

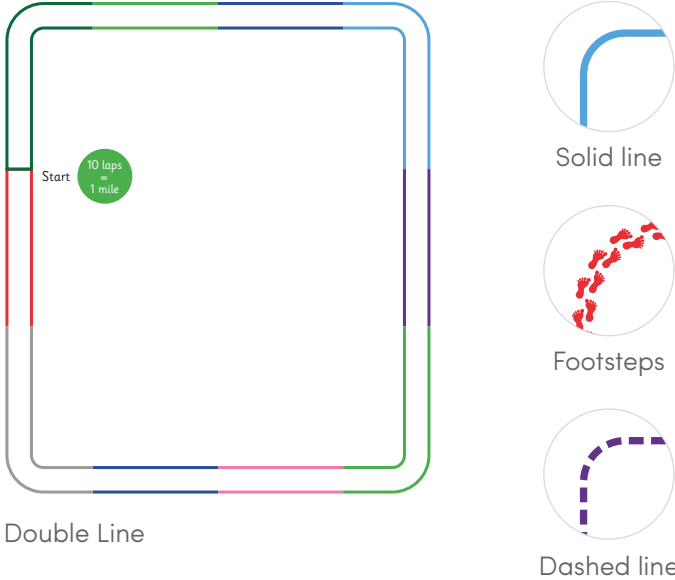

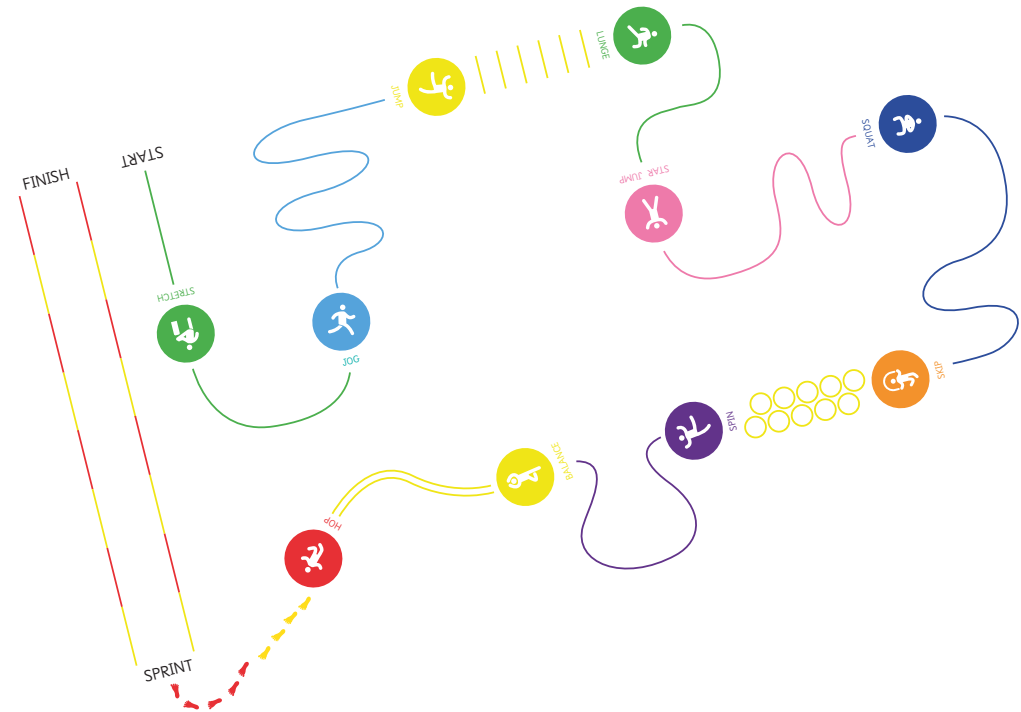

A new variation of the activity trail with sharks and a river, a hopscotch and all the items in the original activity trail game. This trail can be adapted to any play area and is 40m long.

PRODUCT	SIZE
Shark Trail	12 x 8m

10 Piece Activity Trail

The ten-piece Activity Trail is a great way to get children active. It is fifty meters in length with 10 separate stations, all requiring different physical activities.

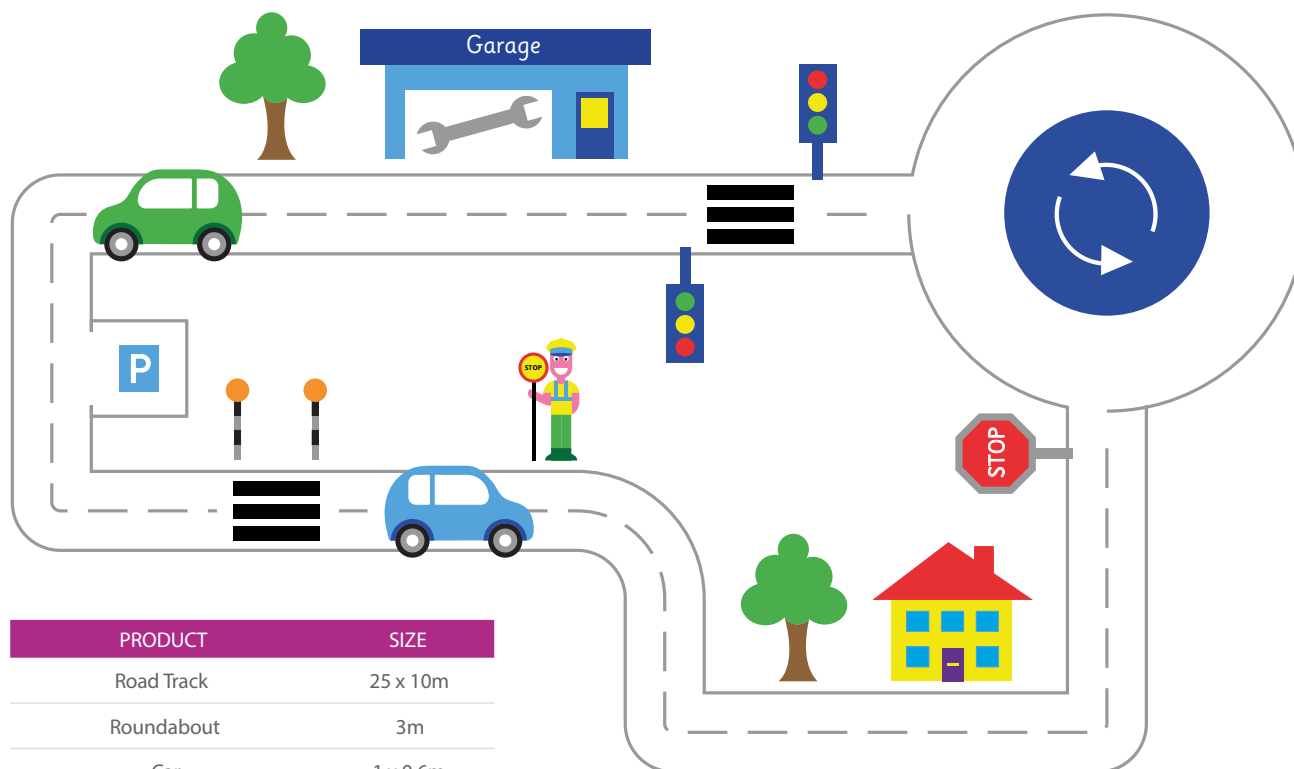

PRODUCT	SIZE
10 Piece Activity Trail	10 x 15m

Walk A Mile

The children follow the path until one lap has been completed. For example, once ten 161m laps are completed, a mile (1609.34m) has been walked. In most cases, we will individually design a circuit to fit your play area and calculate the number of laps required to complete one mile. This mile walk can be done in small chunks or at once during a P.E. lesson. The mile walk is great for schools that do not have extensive school grounds to accommodate a mile track, or when a school field is not available.

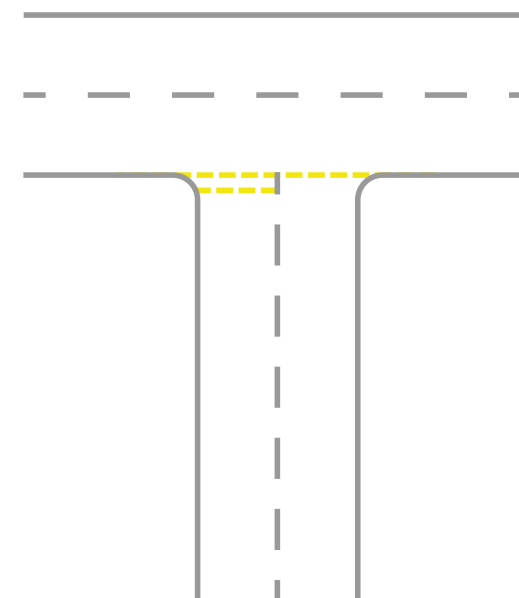

PRODUCT	SIZE
Walk a Mile – Double Line	161m
Walk a Mile – Solid Line	161m
Walk a Mile – Footsteps	161m
Walk a Mile – Dashed Line	161m

PRODUCT	SIZE
Road Track	25 x 10m
Roundabout	3m
Car	1 x 0.6m
Traffic Lights	1 x 0.2
Stop Sign	1 x 0.4m
Zebra Crossing	1 x 0.6m
Garage	1 x 0.6m
House	1 x 0.8m
Tree	0.8 x 0.5m
Parking Bay	1.5 x 1m
Lollipop Person	1 x 0.6m
Traffic Beacon (pair)	1.2 x 0.3m

Road Track

Make road safety fun with our range of bike-able markings. Our tracks and circuits are designed to be used by bikes and scooters. They can incorporate roundabouts, zebra crossings, parking bays, stop signs, traffic lights, as well as an assortment of other graphics such as schools, houses, garages, petrol stations, houses and trees. Cycle tracks can be designed to fit any play area shape, size, and budget.

Cycling Proficiency Track

Cycling proficiency track designed for school playgrounds. This 20m x 14m track is 4m wide with two lanes and a junction. Ideal for children to practice bike-ability in a safe playground environment. The track can be designed to suit your playground area. This is one of our most popular markings.

PRODUCT	SIZE
Cycling Proficiency Track	20 x 14m

Sports Pitches & Games

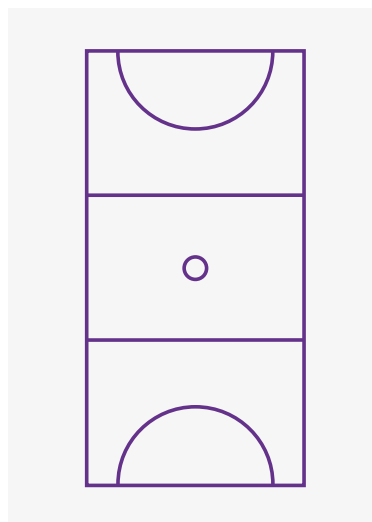

Sports Pitches and Games are vital for P.E. and for practising sports outdoors. These markings encourage children to practise sports that they will continue to play as they get older, such as football and netball, building on their physical skills and ensuring they discover exercise that they enjoy. Our markings cover all types of pitches, from netball to basketball, rounders, football, cricket and more.

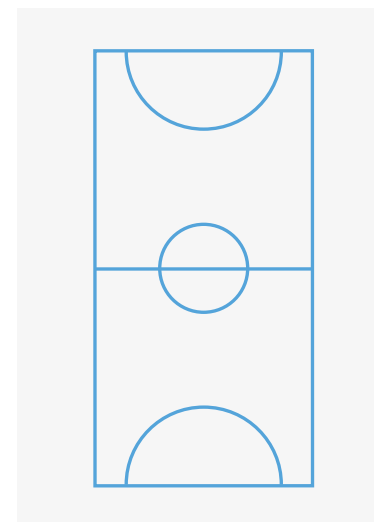

Courts / Pitches

Standard sizes are shown and listed in the product table. However, courts and pitches can also be designed to fit different playground sizes and a variety of colours can be chosen. Prices may vary for custom sizes.

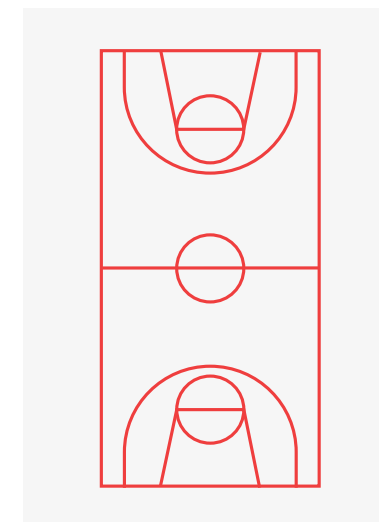

PRODUCT	SIZE
Netball Court	30 x 15m
Football Pitch	30 x 15m
Basketball Court	30 x 15m
Hockey Pitch	30 x 15m
Tennis Court	24 x 11m
Short Tennis	10 x 15m

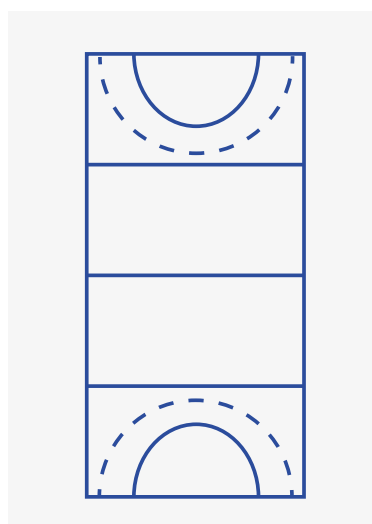

Netball Court

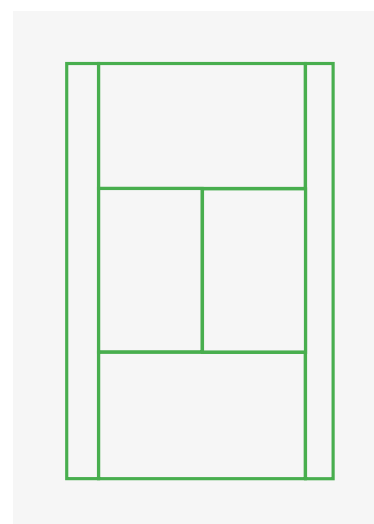

Football Pitch

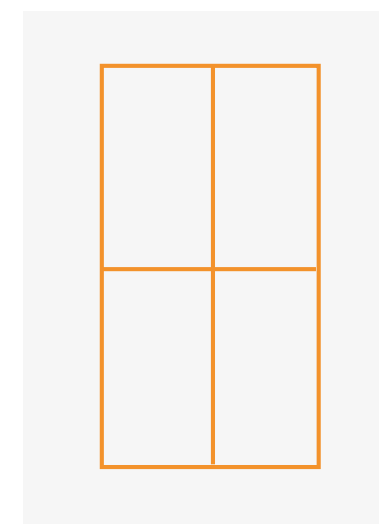

Basketball Court

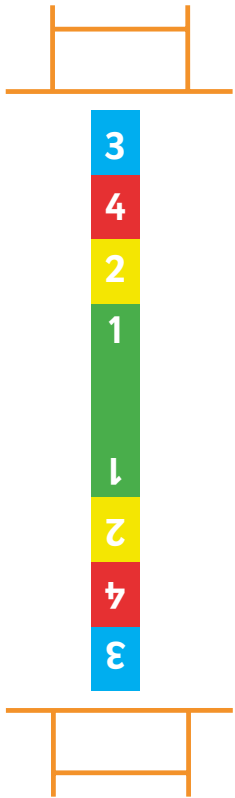

Hockey Pitch

Tennis Court

Short Tennis

Cricket Pitch

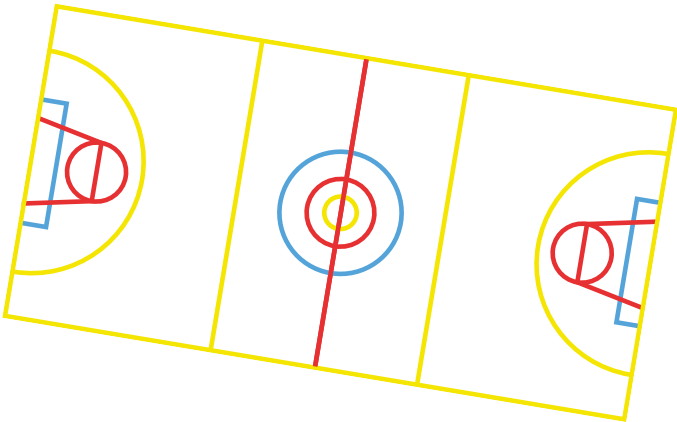

Standard size Cricket Pitch. Colours can be chosen as required. The cricket pitch can also be designed to fit different playground sizes. These prices may vary.

PRODUCT	SIZE
Cricket Pitch	22 x 4m

Multi-Courts

Standard size Multi-Courts are available in two combinations. Select from either Netball, Football & Basketball or Tennis, Football & Basketball. Colours can be chosen as required. The Multi-Courts can also be designed to fit different playground sizes. These prices may vary.

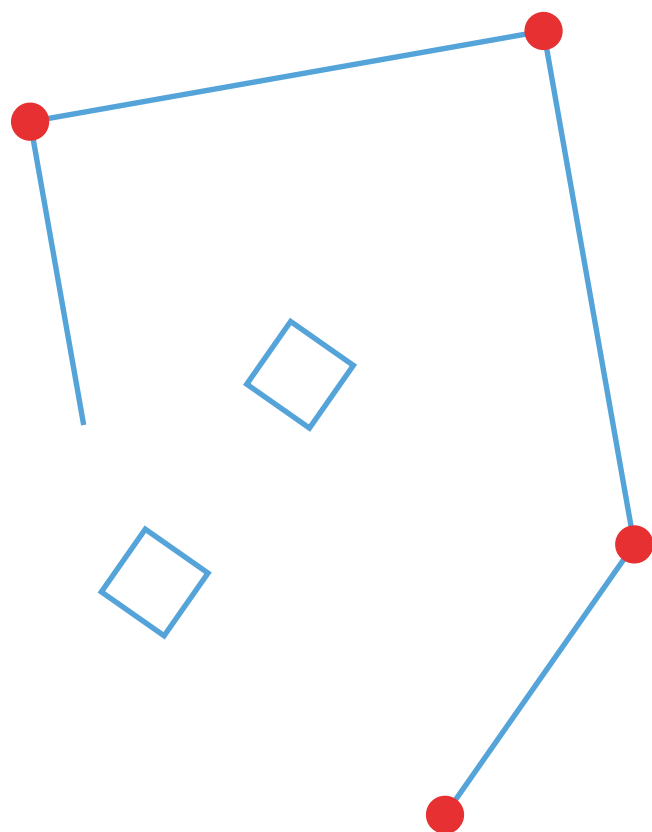

PRODUCT	SIZE
Netball - Football - Basketball	30 x 15m

4 Lane Sprint Track

The playground sprint track has 4 lanes and can be designed to fit into any playground area regardless of size. The example shown is 20m long and costs £20/linear metre. All sprint tracks include a start and finish line and numbered lanes. Can be adapted to more or less lanes, please contact us for pricing.

PRODUCT	SIZE
4 Lane Sprint Track	20 x 3m

Rounders Pitch

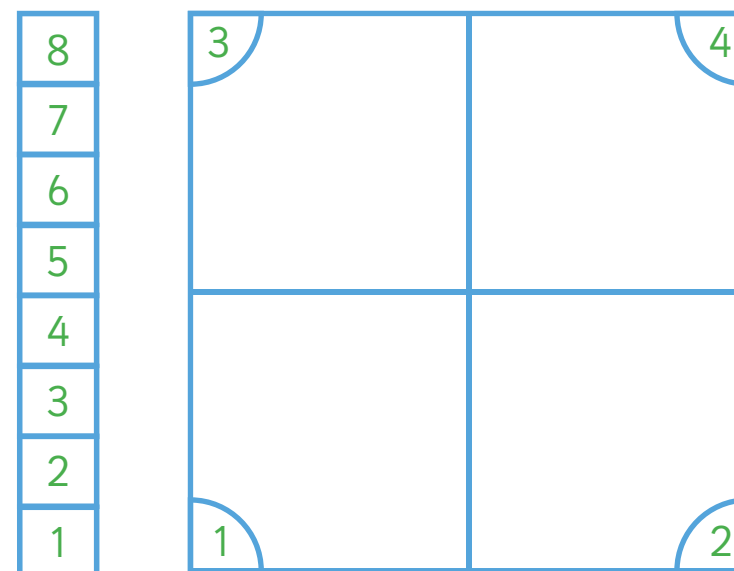

The rounders pitch allows for ordered playing of rounders on the yard. It is around 20m x 15m in diameter.

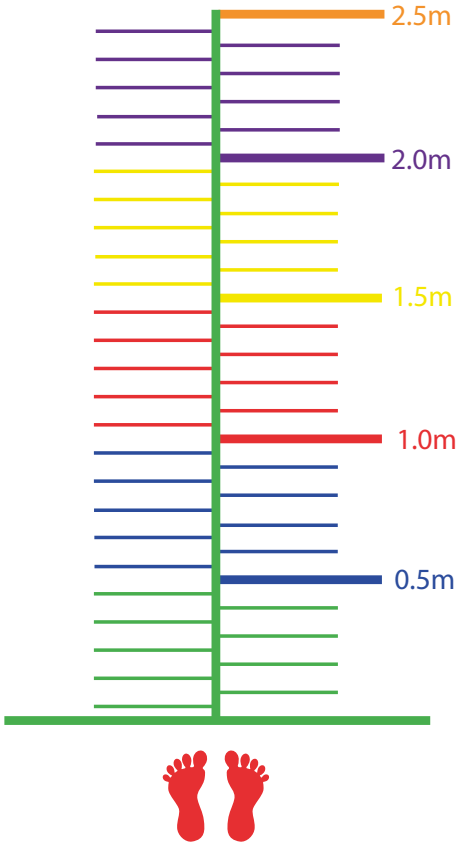

PRODUCT	SIZE
Rounders Pitch	20 x 15m

Games Grid

Our Games Grid playground marking is about 6m x 6m in diameter. It is a large square dissected into four quarters and can be used for many activities in P.E.

PRODUCT	SIZE
Games Grid	5 x 5m
Games Grid + Ladder	6 x 5m

Standing Long Jump

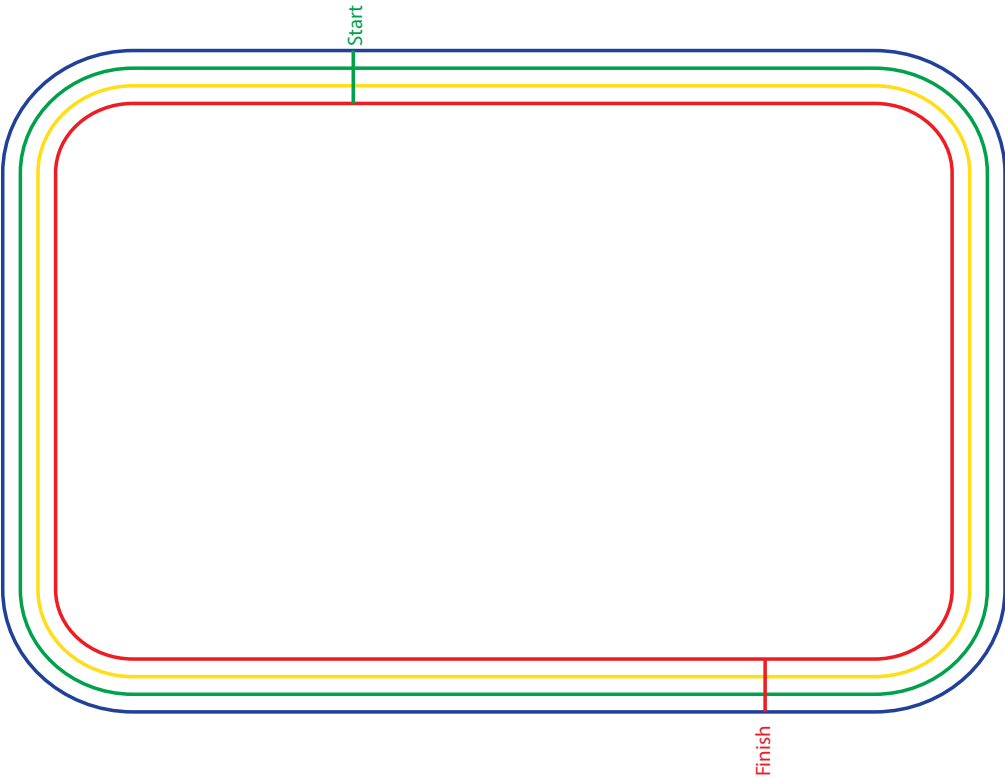

The children measure how far they can jump from a standing start. This can be used as part of P.E. lessons or just simply used as a playground game during break times.

PRODUCT	SIZE
Standing Long Jump	2.8 x 1m

3 Lane Running Track

Running tracks can be designed to fit any playground area and priced to suit. The example shown is a circuit 50m in length. The cost per metre for a three-lane track is £15/m. The circuit comes with a start and finish line.

PRODUCT	SIZE
3 Lane Running Track	50 x 2.3m

Shuttle Run Race Game

Children are put into equal teams of 5 and line up on the large shapes behind the line. The first child runs to number 1 shape and touches it before returning to the line. The next child then runs to number 2 shape and returns to the line. This continues to the last child who has to run to the number 5 shape, then sprint to the finish line. The team that gets all 5 children back first is the winner.

PRODUCT	SIZE
Shuttle Run Race Game	7 x 5m

Imaginative Play

Our Imaginative Play markings let children enter a world of their own making. The markings allow them to invent their own games, playing different roles, stepping into magical realms and developing their imaginations while building friendships.

Knight & Castle **NEW**

The Knight is a new marking that enlivens tarmacs and encourages children to invent creative games and stories. The Castle is a great set-up on which children can create inventive stories or games. Many children can interact while on the castle, helping to foster friendships and imaginative play. Both Knight and castle are available separately.

Please contact us for dimensions and prices.

Our colourful playground markings offer a educational, stimulating and low cost method of increasing children's activity levels.

We provide a huge variety of games and markings. Traditional games to help encourage inclusion.

Sports trails and markings to promote fitness and physical activity.
